

By Phat

Next Saturday night we get back that extra hour of sleep we lost three and one-half years ago. The nation goes back to Standard time next Sunday morning at 2 a.m., and when the clocks say 7 o'clock, it'll be 7 o'clock, not 6.

TIME—And when you go to bed Saturday night, don't set the clocks BACK an hour. Especially electric clocks. Move them ahead 11 hours. Marie Fintz of the Western Union says it's bad for clocks to be moved backward. May ruin them. And just turn the minute hand, leave the hour hand alone. . . . The Village had a plan to remain on war time. It would be a good thing, but probably wouldn't work. There would be too much confusion in train and bus times, mail schedules and so on. . . . But it would give hubby a good excuse for being late an hour. . . . If the Village would stay on War Time, its best bet would just be to decide to go to work an hour earlier and quit an hour earlier.

THE VILLAGE — Andy's help at the Standard station got a thrill Monday. Customer for gas, oil, air and so on, was Leopold Stokowski, noted conductor and composer, passing through town with wife, Gloria. She drove. . . . Also here, dining at The Dunes, were Edward G. Robinson and Harry Ginsberg, Paramount vice-president. . . . Ruben Miller is back from his vacation at Balboa. . . . Operative Connie from The Dunes also reported two old pals together at the Dunes, Lt. Charles Farrell and Lt. Frank Bogart, Mrs. Farrell was there, too, getting in a word once in awhile.

THIS AND THAT — A lot of Villagers persist in calling me Phats instead of Phat. Must be thinking of Fats Waller. **Hope I not that tanned**. . . . There's a military policeman in town by name of Romeo Marquis. It's a good name—he always has two or more women in his car. . . . Six months ago a couple dropped into the Lido, and Anita Ames sang, and Al Ames played their requests. Last night they were back, asking for the same tunes. A week ago a young soldier dropped into the Lido and sent up a request for a number he heard them do back in Green Bay, Wisconsin, more than a year ago. The Ames, by the way, like Palm Springs so well, they have bought a home here.

MUSIC — As predicted here, that Santa Fe No. 49 passed 'Til the End of Time but isn't quite first yet. . . . Number that's coming up is that old one, "Lily Belle". You hear it on every juke box. Also "Paper Moon" is staging a come-back. . . . These mornings remind me of a pair of appropriate parodies: "When It's Blanket Time in Palm Springs" and "Bring Out the Old Red Blanket With the Brown Crickets on it." . . . Thanks to Harry Bernhard for the latest Guy Lombardo record out of Reed's Radio stock and to Jimmy Hume of the Palm Springs Music for "Lily Belle".

AUTOMOTIVE — They're going to start a traffic survey in town. Good place to begin would be Indian avenue. Maybe sidewalks would help. And a light or two. . . . The way parking has been in Palm Canyon drive all summer, what's it going to be like in a month or two? . . . And let that pedestrian cross in front of you. New motor laws effective last week provide stiffer penalties for nudging pedestrians in cross walks.

ODDS AND ENDS — Bill Hall, U. S. Navy, son of Mr. and Mrs. A. R. Hall, also had a ringside seat at the surrender of the Japanese. His ship was right near the U.S.S. Missouri at the time. . . . Are you stopping when school buses stop? The campaign is on and warnings will be replaced by tickets soon. . . . It's always something. Just when we toss away the old gas coupons or try to trade them for meat points, along comes an oil strike, and we'll have to worry about those extra miles again.

Delano Injured In Stove Blast

Phil Delano, of the Palm Springs Drug and Import company, narrowly escaped serious injury and was painfully burned about the face and left hand when he lighted a gas heater at his home Wednesday.

Accumulated gas in the heater, unused since spring, exploded in his face as he applied the match.

He was given first aid at the office of Dr. Joseph A. D'Alessio, associated with Dr. Charles H. Peppers.

Air Base Staff Reduced 75 Per Cent

Start Plan To Relieve Housing Lack

Harper to Confer
With OPA Office
on Situation Here

Harry C. Harper was authorized to consult OPA officers on rentals when apartment house and hotel owners and operators met at the Fiesta House Tuesday noon to discuss the local housing situation during the coming winter season.

Mr. Harper was instructed to determine in conferences with the OPA whether expected reduction in staffs at the air base and hospital here would permit withdrawal of this area from rent control.

NAME COMMITTEE

A committee of three was also named to confer with city council on rental of rooms in private homes this season. The group was of the opinion that home rooms will be needed this year to house all of the expected visitors and others who are employed here. On this committee are Stanley Rosin, Major William Davis and Margaret Foldes.

The conference with city council will be to determine the legal aspects of such a move.

C. of C. TO AID

The group asked the Chamber of Commerce to act as a coordinating agency on hotel and apartment housing and asked that the Chamber offices be kept open Saturday nights and Sundays to serve as a clearing house for apartments and hotels. This President Robert Ransom of the Chamber and Mr. Harper, executive secretary, agreed to do.

There will be someone at the Chamber these times to take care of arrivals and to contact hotels. Hotels and apartments will co-operate by keeping the Chamber informed on available accommodations.

Arcade Stores Preparing for Formal Opening

Four new stores will open in Palm Springs next week with the completion of the Arcade building by the Palm Springs Corporation of which Kenneth Colborn is president and Walter Z. Allen, well known realtor, local manager.

The Arcade is on the former site of the post office and has been attractively designed and built.

Jewels by Alchian will occupy the first rooms, Gunnell's Men's Wear the second, Beebe's Linens the third and Alpert's Furs the fourth.

Gunnell's has been open for a few weeks, Alchian will open Monday and Alpert's and Beebe's within a few days as soon as specially designed fixtures arrive.

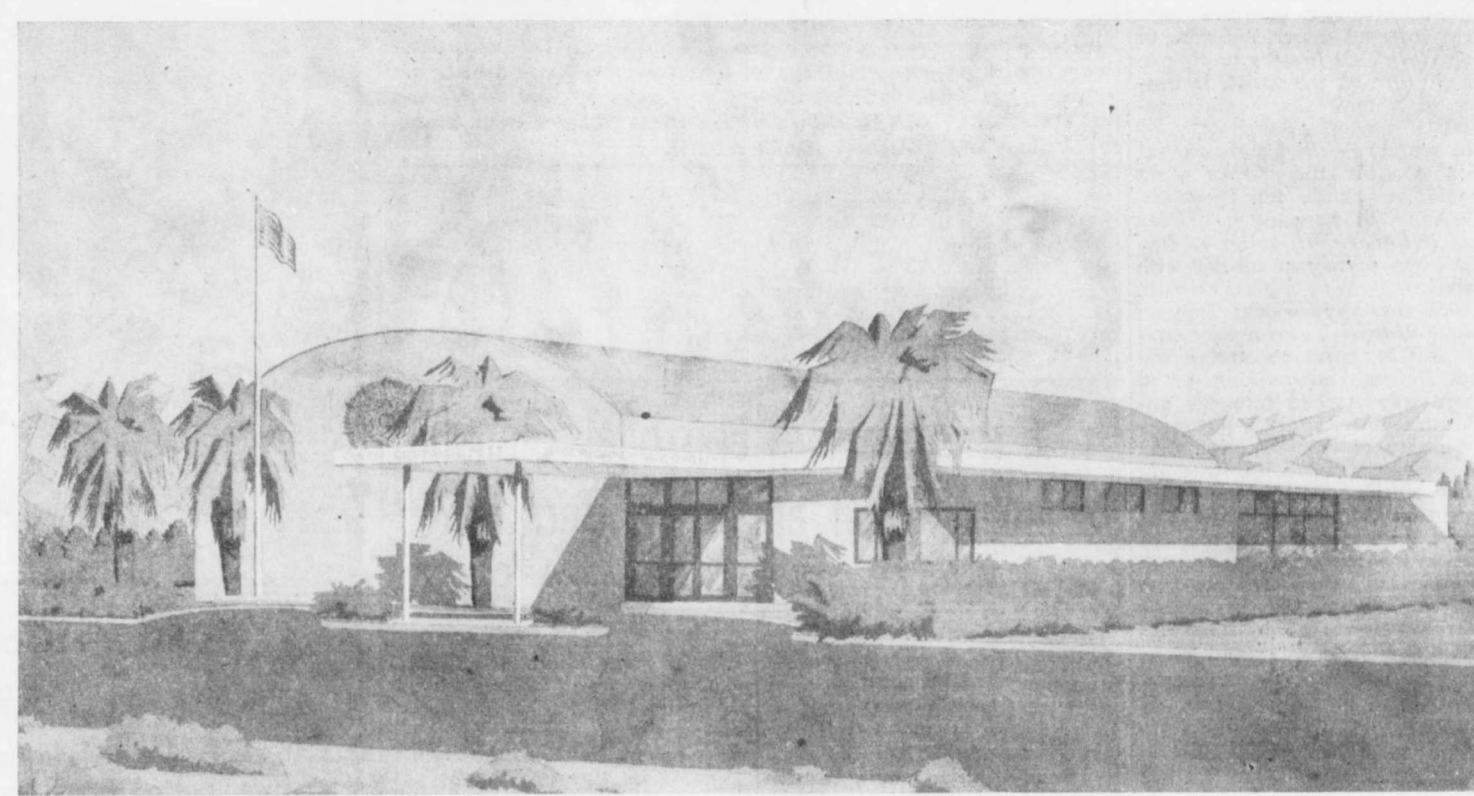

Personal Flying Will Launch New Industrial Era in Nation, Forecast

The nation is entering a new era—the aviation age—and personal or private flying will provide the same economic upheaval that the automobile age did, Lt. Col. Bertrand Rhine, from Civil Air Patrol Wing headquarters in Los Angeles told members and guests of the Palm Springs chapter of the National Aeronautic association Tuesday night at the La Cita.

Col. Rhine was one of the guest speakers at the chapter's monthly meetings.

MUST HAVE PORTS

But before personal flying can develop to its ultimate utility, he said, there must be airports. There are now 2000 ports in the nation, there must be 20,000. It isn't a case of the old argument of which came first, the chicken or the egg. In this case, he said,

MEMORIAL — Architect's drawing of proposed World Wars Memorial planned for Village by Owen B. Coffman Post, American Legion. The drive will be under way this fall. The building will be located on Belardo Road opposite the golf course.

Complete Plans for Gymkhana and Big Parade

Wall Spalding, chairman of the publicity committee for Los Compadres club this week announced the program for Sunday, October 21, the final day of the second annual Western Week which starts on October 15.

The day's activities will start with the gigantic Western parade down Palm Canyon drive to the Field Club. Local riding organizations and riding groups from all parts of the southland will take part in the parade which starts at 1 p.m.

PROGRAM ANNOUNCED

Grand entry into the Field Club grounds for the gymkhana is scheduled for 2:30 p.m.

The following list of events has been scheduled with prizes for all winners:

Free for all balloon race.
Calf Decorating — roper and girl.
Children's Musical Chair (for youngsters under 16).
Calf roping, first round.
Stake race.
Matched cow pony races.
Bending race.
Calf Roping, second round.

OUTLINE EVENTS

The week's events, as outlined by the Los Compadres club, sponsoring the Western Week, follow:

Monday night, Kangaroo court.
Tuesday night, street dance.
Wednesday night, Kangaroo court.

Thursday and Friday nights, open.

Saturday night, cowboy dance.
Sunday afternoon—big parade and gymkhana.

President Elmo Purnel of the Los Compadres club said a "real, mean judge" had been obtained.

Plans for World Wars Memorial Presented at Special Legion Meeting

Plans for a campaign to raise between \$50,000 and \$100,000 for a World Wars Memorial building in honor of Villagers who served in both World Wars I and II were discussed at an informal meeting of Owen B. Coffman Post, No. 519, American Legion, Tuesday night.

The building will be erected on a lot on Bellardo road opposite the golf course.

Plans and specifications for the structure were presented at Mayor E. E. Theriault's coordinating committee meeting last Friday, and at a special meeting of the Legion Post board Tuesday night.

The structure will be used to house Legion meetings and will also be available for other meetings and conventions here.

At Tuesday night's meeting, plans for the coming season were also outlined, and Owen B. Coffman Post will resume regular meetings the first and third Tuesdays of each month, Commander Harold Lienau announced.

Plan to Put Village Back On Old Basis

Plans to bring Palm Springs back to its pre-war basis as a winter resort with extensive closing of stores and offices during the summer months as recommended by the realty board, were brought before the board of directors of the Chamber of Commerce, meeting in special session Tuesday noon, by Robert Ransom, president of the Chamber. He said there was a sentiment against operating the Village as a year-round town.

TWO INTRODUCED

The first two members to be appointed to the San Jacinto Winter Park authority — Earl Coffman and John R. E. Chaffey were presented to the directors by President Ransom. Mr. Coffman gave some interesting figures on the operation of the Franconia Notch tramway which the local tramway will duplicate, on a much larger scale. He said that the New Hampshire tramway showed a gain of 57 per cent this July over last July, 100 per cent in August and already 125 per cent in September over last September.

Results of a meeting of apartment house and hotel owners earlier in the day were reported to the board by Executive Secretary Harry C. Harper. (Details of this meeting will be found on Page 1, column 1 in this issue.)

TO AID VISITORS

On motion by Mr. Coffman, seconded by Earl Strebe, the board voted to keep the Chamber offices at 310 North Palm Canyon drive, open Saturday evenings and Sundays as a clearing house.

(Please Turn to Page 4)

Busy Season Ahead, Report of Committee

Reports on plans for the coming season in Palm Springs, all of which coincided in the opinion that the Village was in for a busy winter, the future of local military installations, school affairs, aviation and club matters, were presented at a meeting of Mayor E. E. Theriault's coordinating committee Friday.

Among the most important reports, as affecting the Village, were those by Col. A. B. Jones, commanding officer at Torney, who said that rumors concerning the closing of the hospital were premature, and by Major G. L. Wirt of the army air base who said the army had no intention of closing the local air base in the near future.

NO INFORMATION

Col. Jones said he had no information about any closing plans, giving it as his guess that the hospital would remain open, at least, during the coming winter and perhaps much longer. He said that while shipment of patients in had dropped off during the past few weeks from the former high mark, they are still coming and the western hospitals are expected to get some of the men recently liberated from Jap prison camps who are in need of hospitalization.

Major Wirt said that the housing problem was still the principal one before the air base staff at present.

ON WESTERN WEEK

Elmo Purnel, president of the Los Compadres club, said that.

Reed Plans Busy Air Campaign

Plans for the enlargement of the Airways Committee of the Chamber of Commerce by addition of ten members of the Palm Springs chapter of the National Aeronautic association were made at last Friday's meeting of the group.

Ted Reed, chairman of the committee, presided at the session which discussed the future of private flying in Palm Springs.

Mr. Reed, who has been busy most of the week on airways affairs, hopes to have a solution for the local situation soon.

A survey of all possible sites for airports here and other airways facilities will be undertaken by Mr. Reed. Conferences with army officials to determine whether the air field, under the reduced army program, would be available for private flyers week ends, are also under way.

Local Field to Service ATC Planes

Personnel Will
be Cut to 16
Officers, 300 Men

By WILLIAM RASHALL

The mission of the 5th Operational Training Unit, Ferrying Division of the Army Air Field here was changed September 24 from that of a C-47 flight training school to that of a Ferrying Division service station, and the personnel stationed there is in the process of being reduced to approximately 25 per cent of its present strength, according to Colonel Edward F. Hubbard, commanding officer. His statement also emphasized that the facilities of the base will not be abandoned by the Air Transport Command.

The projected work-load henceforth will consist of servicing transient aircraft and east and west bound military air transport planes each day.

STAFF REDUCED

Also in the process of being reduced is the equipment and supplies, the Colonel said. Soldiers scheduled for discharge under the point and age system will probably be sent to separation centers, and others will be transferred to Air Transport Command installations in the United States and overseas. Col. Hubbard pointed out that approximately 16 officers and 300 enlisted and civilian personnel will be necessary to maintain the new operation. He added that civilians will be used wherever possible to replace enlisted personnel in keeping with demobilization policies.

"The conversion of the base here," said Col. Hubbard, "follows closely the program of demobilization. There is less need for C-47 pilots for the Ferrying Division or any other branch of the Air Transport Command. However, the present facilities of the field will be used in servicing airships now being used in transporting the wounded, personnel being re-deployed to overseas stations, and soldiers being brought back to this country for discharge," the commanding officer added.

STARTS OCTOBER 25

The last class in C-47 flight training was graduated September 24, and officially the new mission of the 5th OTU will commence October 25.

Colonel Hubbard's statement also contained sincere thanks to those citizens of Palm Springs.

Department of Motor Vehicle representative, Desert Inn garage, 9:30 a.m. to 4:30 p.m.
Palm Springs Boys' Club meeting, Chamber of Commerce, 7:00 p.m.

It seems to me

THE first thing I want to tell you about is the shipment OF CRISP WHITE TERRY CLOTH ROBES WE just received. THE price is 6.50, AND we only have thirty robes— AND that isn't very many WHEN so many people want them— SO—don't wait. THEN, we have some sweaters BY McGregor. IT may be a little early FOR sweaters—but they are HARD to get—and these ARE so darn nice IT would be a shame IF you passed up something YOU really wanted FOR the sake of a few degrees OF temperature. I guess I could GO on and on ABOUT the new things WE have in stock— COULD talk for hours ABOUT Western Clothes alone— GUESS the best way IS for you TO come on in AND take a look for yourself. AND while you're here YOU can listen to us brag ABOUT our new improvements.

OH yes—Right now WE down here at FULTON'S WOULD like to welcome TO Palm Springs— AND at the same time CONGRATULATE them on THEIR fine new shops— WALL SPALDING of "SPALDING'S WESTERN SHOP" AND "CHUCK" COX OF "GUNNELL'S MEN'S SHOP" BOTH shops are fine additions TOWARD a "Better Palm Springs." AND Chuck and Wall ARE pretty fine fellows, too.

Murphy's Music Provides Dance

Through courtesy of Harold Murphy, owner of Palm Springs Music Company, a dance Saturday night for patients at Torney General Hospital will be made possible. Mr. Murphy will provide a juke box for the fete to be held in the tennis court adjoining the Red Cross Recreation Hall.

Forty hostesses from Los Angeles, U.S.O. will attend, scheduled to get under way at 8 p.m.

Mrs. Edith Barleau, mother of Connie Barleau of The Dunes, flew in from Cincinnati last week to be the guest of her daughter here.

FROM HEAD TO TOE

Barbara K. Schilly

Winter Trends . . . Bat, wing, kimono, or Dolman sleeves . . . they're all the same and all refer of course, to the underarm fullness style, which at present is the mode. Almost all leading designers have been employing this fashion, and the very 1946ish look is one using it. Asked if they are flattering to anyone, the answer would almost invariably be "yes" for the term Dolman sleeves is very flexible, and anything from a small 2 inch piece inserted under the arm, to a sleeve which has its underarm seam begin at the waist, is considered a new sleeve and consequently good. Asked if they will remain in good style for several seasons, the answer again would be "yes", for they are adaptable to so many variations that designers are going to find more and more possibilities with them.

Saw one very clever Dolman sleeve design . . . on a very simple suit . . . no decoration except for one outstanding point. There was worked into the underarm fullness itself, a rectangular design of another color than the suit and inside this was another simple geometrical design repeating the color of the suit. Arms down and it was a regular well cut outfit . . . arms raised to dance or adjust a hatpin (and one can always find an excuse to raise her arms in this suit) and a new style was admired.

Something else which is comparatively new (and which is a wonderful "cure-all" for that suit which is several years old), is the collar and cuff idea. Not just regular collar and cuffs, tho, for these are very striking and in key to our days of elegance in dress. The collar is often a tailored skirtmaker style, the best looking cuffs are gauntlet, and it generally is the material used that adds the flourish to the combination. . . a heavy satin, striped taffeta, highly starched chambray . . . all give richness to an otherwise simple idea.

Then, the trend which has been going high-speed, and which will even be increasing in popularity this winter is our old favorite . . . wrought silver jewelry . . . the bigger and more bizarre, the better. A new store in the village, "The Lamp-Post" has some of the most unusual and striking pieces seen . . . enormous dangling earrings, serpent clips with opals for eyes, and much more that will cause comment and please the smartly dressed woman.

All-Year Road Will Open New Area Near City

Prospects brightened yesterday for construction of an all-weather road south of Cathedral City opening up an agricultural area with potential value of close to half a million dollars when the board of supervisors authorized County Surveyor A. C. Fulmor to furnish legal descriptions for the purpose of securing necessary rights of way.

According to K. Irving Marshall, county planning commission engineer, present roads into the district cross washes and streambeds which during winter flood season may cut off the region from entrance and exit days at a time.

The proposed new road into the area avoids these hazards, and would be open to travel throughout the year, Marshall explained. The planning commission has recommended construction of the new road, he said.

Assessed valuation of property developed within the area now is near \$200,000, the planning commission engineer stated.

W. R. Hillery of Cathedral City spent much time preparing data proving the new road necessary. It will start from a point on the Ramon-Edom road and provide access to a large ranch area.

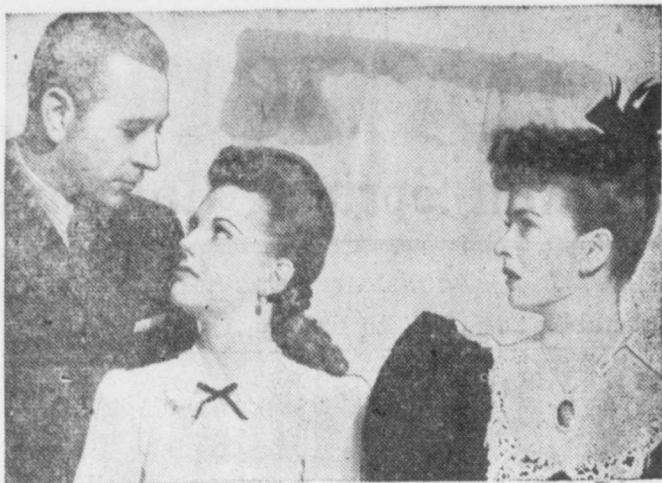

Major Gibson Goes To Monterey Post

Major Preston E. Gibson, one of the best known medical officers at Torney General Hospital is now at Monterey to undertake a new, and as yet unannounced assignment.

Major Gibson reported for duty with the Army Medical Corps three and a half years ago and was stationed at Barnes General Hospital before being transferred to Torney in September 1942. First assigned to the hospital's medical service, he later became Chief of the Outpatient Service.

Whatever the answer to the old question, "What's cookin'?" the next question is "Where'd you get it."

A country-wide campaign is on to fix all auto brakes. The driver gets the fix—the pedestrian the breaks.

DON'T MISS IT—Joan Bennett is aghast at the interest George Raft is showing Vivian Blaine in this scene from "Nob Hill," the picture, in technicolor, of San Francisco's old days. Full of tuneful music, featuring many old timers and two new ones which are making a great hit, "I Don't Care Who Knows It" and "I Walked In." "Nob Hill" will be shown at the Plaza Theater next Thursday, Friday and Saturday. Don't miss it.

Churches

Dr. J. R. Macartney Episcopal Church Resumes Pulpit at Community Church Swings Back Into Mid-Season Form

A large congregation greeted Dr. John Robertson Macartney, pastor of Community Church, as he returned to the pulpit last Sunday morning after his summer vacation. His opening sermon for the new season was: "Who Hath Hardened Himself Against God and Hath Prospered."

In the evening he spoke upon the text: "Behold, I Have Set Before You an Open Door and No Man Can Shut It."

PLAN RALLY DAY

Plans for Rally Day for the Community Church Sunday School, scheduled for October 7, were discussed. With Mrs. William Veith in charge. Sunday School classes were organized last Sunday with a full staff of teachers in charge. Mrs. Bernice Schmidt, director of religious education for the season, was introduced and spoke in an optimistic vein of the opportunities for religious education among the young people of Palm Springs.

Mrs. Holly Lash Visel, musical director for the church, announced choir rehearsal hours as follows: High school and college age, Tuesdays at 7:30 p. m. Boys from 6th, 7th and 8th grades, Wednesdays at 4 p. m. Girls from 6th, 7th and 8th grades, Thursdays at 4 p. m. Men and women, Thursdays at 7:30 p. m.

STARTS NEW SERIES

World Wide Communion Sunday will be observed the first Sunday in October, it was announced. All religious bodies in the world will join in the event. Dr. Macartney plans to start a new series of sermons on the greatest questions asked in the Bible and their application to present day life.

The Young People's Fellowship, composed of students in all high school classes, re-opens next Sunday night, Sept. 30, at 7 o'clock at St. Paul's in the Desert.

New officers, elected at the close of last year, will take over. Gillar Boyd is president; Carol Burket, vice president; Julie Martineau, secretary; John Klug, treasurer. One of the former officers of the group, Bob Hoover, is back for the year and given a great welcome by the group.

Evening prayer will be conducted by the president and the first meeting will be devoted to a report of vacation jaunts and plans for the new year.

The morning sermon by the Rev. Robert M. Hogarth, vicar, will be on "Giving an Account of Your Stewardship."

The Episcopal Sunday School opened last Sunday with a large number of young people present. Eight classes for children between the pre-school and junior high ages, will assemble next Sunday.

Fishing's Over So Gibbs Comes Back to Village

Now that he's all through fishin' for the season, W. O. Gibbs and Mrs. Gibbs have reopened the Tahquitz Pharmacy on south Palm Canyon drive.

For the fourth season "Speck" O'Donnell will be in charge of the fountain, with Jack Khlor as sandwich man and Margaret Lichty in charge of the booths.

Assisting "Doc" in the prescription department will be L. H. Hilburn, returning for his second season after a summer in Riverside.

Looking forward to a busy season the Gibbs' have laid in many new lines for their attractive store.

The real aristocrats of baseball are those who can get into the 400.

Jewels by Alchian Newest Addition to Smart Shops

Vahan H. Alchian, well known southland jeweler will open his shop, "Jewels by Alchian" at No. 1, the Arcade, October 1. Mr. Alchian has been in the jewelry business for the past 35 years in San Francisco, Fresno, San Bernardino and now, in what he terms the ideal spot, Palm Springs.

Mr. and Mrs. Alchian have bought a home on Tamarisk road and have been residents of the Village for the past two years. They purchased the A. C. Hoof home.

SPECIAL FIXTURES

Fixtures of their new store in the Arcade were built especially to their order and are distinctive and provide an unusual setting for the fine merchandise he has on display.

Alchian's will display an exclusive line of fine watches, both domestic and imported, diamonds and other precious stones. They will also carry a fine gift line, desk sets, gold and gold-capped pen and pencil sets, and the like.

IS NOTED ARTIST

Repairs on expensive watches will be featured.

Mr. Alchian has a hobby which he admitted this week. He paints and has many fine canvasses of desert scenes. He is a graduate of a San Francisco art institute and has gained fame for his artistry.

Mrs. Alchian plans to help him in operation of the local shop.

Moreo Hearing Is Postponed

Preliminary hearing of Frank Moreo, 82-year-old Indian accused of assault with a deadly weapon, was postponed until 2 p.m., October 5. It had originally been scheduled for 10 a.m. today.

Moreo is charged with shooting Paul Carillo, 34, through the arm following an argument at the Marcus Ruiz home three weeks ago.

Karolyn Dee Back For Fifth Season

Karolyn Dee, well known masseuse, is back for the fifth season in Palm Springs at the Indian Mineral baths. She spent the summer in Dayton, Ohio, and in Chicago.

Last season 13,444 baths were given at the spa which is being redecorated and revamped in preparation for an even busier season.

Despite all the rationing and shortages, have you noticed how all of us are getting along much better than could be expected?

JUNIOR MISS—Allyn Joslyn is the proud father with two impish teen-age daughters in the hilarious Twentieth Century-Fox picture "Junior Miss," at the Palm Springs Theater Sunday, Monday and Tuesday.

Harry C. Harper Attends Postwar OED Conference

Harry C. Harper, executive secretary of the Chamber of Commerce attended a Pacific Southwest Regional conference of the Committee for Economic Development Wednesday at the Biltmore Hotel in Los Angeles. Mr. Harper was appointed county chairman to represent this county in coordinating federal and state agencies in postwar economies for the benefit of Riverside county.

Main feature of the day was the talk by Dr. Gerald Wendt at the noon luncheon on Science and Postwar business.

The situation of various southland industries, reports on what southern California counties are doing, plans for reconversion, and other postwar items were on the agenda with a score of experts addressing the gathering.

Mr. Harper says that when the county committee is fully organized, every community will be represented.

New Attractive Fur Shop To Be Opened Oct. 10

Palm Springs will have another attractive shop in operation about the tenth of next month, Mrs. Sallie Alpert said today.

She will manage the local store of Alpert's Furs at No. 4, the Arcade. Her husband, Harry Alpert, has been a furrier in the Hollywood area for the past ten years with a famous shop at 6771 Sunset Boulevard. Prior to his Hollywood shop, he was in the fur manufacture business.

The local Alpert shop will carry an exclusive line of expensive furs and arrangements for display and storage of the store's stock are now being made by Mrs. Alpert who has moved here with her daughter, Mr. Alpert expects to spend half of his time at the local shop during the season.

Village Youth Hurt in Mishap

Bert Teter, 18, was injured Monday evening when the automobile driven by Don Reed, 18, hit a soft shoulder on the road near Garnet and turned over. Reed and two other passengers escaped injury.

The driver reported that exceedingly bright lights on an approaching car blinded him and as he swerved to avoid a collision, the right wheels of his car went off the pavement and hit the sand.

Employment Agency Reopened Monday

Jane E. Brown returned to the Village this week after a vacation on the coast and re-opened the Palm Springs Employment Agency at 135 East Andreas rd. Monday for the new season.

Assisting Miss Brown is Kathleen Cunningham, formerly of the Selznick studios, Culver City.

A scientists says this is the age of insects. He probably just returned from a vacation.

For Essential Transportation—Yellow Cabs. Phone 4444.

AT THE PLAZA—Judy Garland in "The Clock" to be seen at the Plaza Sunday, Monday and Tuesday.

Annette's Shop Open for Season

With the return of "Willy" Roberts, Annette's beauty salon in the Plaza, is readying itself for a busy season. Willy has just returned from visiting her 97 year old grandfather in Ft. Worth, Texas.

According to Annette, manager of the salon, Ida Flatte, manicurist and pedicurist is expected soon. Already working in the shop are Adele Keas and Ann Guarascia.

The western problem is not reconversion, but conversion to something new in the field of basic or secondary industry, if that region is to maintain full employment for its swollen population.—Gov. Earl Warren of California.

Frederic Takes Over Operation Of Beauty Shop

Frederic, formerly connected with one of the major Hollywood studios as a hair stylist and make-up man, has purchased the Desert Inn beauty shop lease and will become active in the management of the shop.

A complete staff of experts, including Betty Owen, former manager, will be in attendance.

According to Frederic the shop will operate on the prevailing prices in the Village and will offer the added inducement of taking night appointments for women unable to meet daytime hours.

The shop will be known as the Desert Inn beauty salon.

Parsons' Office At New Location

Winifred Parsons, local realtor, has returned from her vacation and is opening her office at a new location for the season, 428 north Palm Canyon drive.

Accompanied by her sister, Mrs. A. G. Nordholm, Mrs. Parsons enjoyed a visit to Carmel. They have now located in their new home where Mrs. Nordholm and her three children plan to spend the winter.

Mrs. Parsons has been busy readying her new office for a busy season and anticipates an outstanding season for the Village.

Ossman Opens His Grey Dawn Apts.

The Grey Dawn apartment house, now under the management of M. Ossman, has opened for the season. The attractive double apartments have been completely refurbished and renovated. During the season they will be rented only on a weekly basis, says Mr. Ossman.

Virginia Bell Studios to Open On October 6

Virginia Bell, prominent Long Beach beauty operator, has purchased the Haven of Beauty and the Powder Puff beauty salons, and will operate them under the Virginia Bell beauty studios. Manager of the former Haven of Beauty, Ione Cornell, has assumed the same position at the former Powder Puff. Miss King will manage the shop at the Haven of Beauty location.

Associated in the two salons will be Florence Bostel and Billy Apperson, with additional operators expected soon.

Harvey Herron of Long Beach has been in charge of re-decorating and redesigning the shops which will have their formal openings on October 6.

Miss Bell has had wide experience in beauty shop operation and plans on devoting her time to the Palm Springs salons.

Louis Lango Opens Awning Shop Here

Louis Lango has re-opened his awning shop on north Palm Canyon drive and is again featuring the latest in garden furniture as well as awnings and umbrellas.

Youth, Posing as Sheriff, Sought in Bad Check Case

Local police this week were on the lookout for a man, 22, giving his name as Jack Young, whom police say, has a penchant for writing \$20,000 checks.

He gave one this week to Mrs. Eve Morgan in payment for a house at 433 Santa Catalina road belonging to Mrs. W. W. Smith of Glendale. The check came back marked no such account, and an investigation was begun by Police Chief A. G. Kettman, which revealed that the youth had escaped from a Texas psychopathic hospital.

He is wanted, Chief Kettman said, by the sheriff's office at Dallas, Texas, on charges of bad checks and embezzlement.

He stayed at a local hotel and there picked up a revolver. He likes to pose as a Texas sheriff and is driving a car equipped with a siren and red light. An all-point notice was broadcast by local police, with the warning that the man is armed.

MORE ABOUT . . . Plan to Put . . .

for prospective tenants and apartment houses and hotels.

The housing problem was brought up by Mrs. Melba Bennett who said that some slight relief was in sight, saying that Col. A. B. Jones, commanding officer at Torney General Hospital had told her that some of the quarters, previously used to house nurses, would be turned over to civilian employees at the hospital. Mr. Ransom reported on the emergency houses available on the reservation and said 25 units of small but attractive units were to be opened next week.

ENLARGE COMMITTEE

Recommendation of the Airways committee of which Ted Reed is chairman, that the committee be enlarged to take in members of the CAP and NAA was approved by the board.

Stanley Rosin and John Chaffey reported that progress is being made on the new folder for the Chamber and that it would be published soon.

A vote of thanks was extended City Attorney Roy Colegate for his assistance to the Chamber in preparing a brief in support of airlines seeking permits to make Palm Springs a stop on their transcontinental lines. The vote followed a report by Secretary Harper of recent conferences with air line officials. Plans for the Chamber barbecue October 9, the Western Week, October 15 to 21 and the Desert Circus next spring, were also discussed briefly. A membership campaign, to follow on the heels of the October 9 barbecue, was also approved.

ADD HOME OWNERS

The board also voted to enlarge the directorate of the Chamber to 35 members, the additional five to be "simon pure home owners" from the Home Owners League which recently voted to affiliate with the Chamber. Merrill Crockett suggested that at succeeding board elections, provision be made that at least seven members be representatives of the home owners league. Plans to incorporate this suggestion in director elections were set in motion.

Present at the meeting were Robert Ransom, who presided, Carl Lykken, Earl Strebe, Florian Boyd, Fred Ingram, Merrill Crockett, John Chaffey, Mrs. Ruth Hardy, Arthur E. Bailey, Harold Hicks, Dr. Frank Purcell, Frank W. Cutler, J. E. Ballard, Cecil Isenagle, Earl Coffman, M. A. Charlston, Melba Bennett, Joseph Butler and Stanley Rosin.

California lemon shipments last winter, November through April, were 50 per cent greater than the average of the five years ending with 1938.

New Show Opens At Mr. Dee's, Popular Cafe

A new show opened this week at Mr. Dee's featuring Lorie Elliott, vocalist, termed "the pin-up girl of Dublin" and Hank Johann at the piano. Miss Elliott is a newcomer to the Village but made an instant hit. Johann is well known for his wizardry at the piano.

In addition there are Charley Foy and Joe Frisco, well known stars of the vaudeville stage, who keep Mr. Dee's patrons in an uproar.

Donna Lynwood and Earl Baxter, who have been entertaining patrons there, have returned to Hollywood.

In addition to the show, there is Harry Grenache, manager, who is rapidly acquiring the reputation as the Village's best greeter.

Autoist Arrested on Charge of DWI

Paul Lopez, 35, giving his occupation as actor and address as 640 Sunny Dunes place, faced Judge Guy Pinney in local court today on a charge of driving while intoxicated.

He was arrested today by Officer Bob Hannum.

Executive Board of Auxiliary Will Meet Next Monday

Executive board of the Owen B. Coffman Post, American Legion Auxiliary, will meet next Monday evening at 7:30 o'clock at the apartment of Miss Artie Lee Peterson, No. 16, Plaza Lodge, to map plans for an active season.

Mrs. Charles V. Knupp, president of the local unit, has requested the following officers and executive committee members to attend this very important meeting:

Mrs. Henry Menard, Mrs. Stewart Allen, Mrs. Charles LaRue, Mrs. Art Wills, Mrs. Frona Gill, Mrs. Jay Morrison, Mrs. Allen Davis, Mrs. James Foss, Mrs. Harold Lienau, Miss Inah M. Peterson and Miss Artie Lee Peterson.

MORE ABOUT . . .

Complete Plans . . .

for the Kangaroo courts which will smack down those not carrying out the western idea.

ALL LOCAL ENTRIES

The gymkhana takes on added interest as practically all contestants will be Villagers. A name band is being engaged for Saturday night's dance.

Villagers are urged to follow last year's precedent. During the first Western Week, colorful western garb prevailed. Merchants, their staffs and Villagers donned the bright shirts, cowboy attire. It is planned to do the same this week.

INVITED ROY ROGERS

Mr. Spalding announced that during Western Week, Earl Strebe of the Plaza and Palm Springs theatres had booked that western feature "Don't Fence Me In" for the Plaza theatre and that an invitation had been extended Roy Rogers, star of the picture, by the Los Compadres club, to be here in person.

Rogers was also invited to take part in the big parade on Sunday.

We can think, but we can't talk. I'm afraid we're very dull.—Duke of Windsor, in commenting on English election.

Pay your telephone bill before the 30th and receive a discount.

War Chest Campaign Open On October 1

Plans for the War Chest campaign here will be announced next week by William Colburn, chairman. Officially the drive starts Monday in the nation but the local campaign will start a little later. Quota for the Village will be announced later.

It will probably be the last war chest campaign.

Scout Council in First Meeting of Season, Maps Plans

First meeting of the Palm Springs district council of Boy Scouts was held Wednesday night at Charles Mathews' real estate office with Paul Summers, district chairman, presiding.

Plans for the coming year including Courts of Honor, training and Cub and Scout activities were discussed. Reports were made by the various committee chairmen on past activities and on plans for the future.

Some of these very leaders who see the wisdom of aiding Russia and China and South America in developing their resources cry to high heaven about projects or proposals that use American dollars for the regional development of the resources of American valleys.—David E. Lillenthal, chairman, TVA.

New Athletic Equipment Here For Boys' Club

Enough baseball gloves for almost two teams, bats of all sizes from the small fry up and baseballs, galore were unpacked by Frank Partridge of the Boys Club this week to equip the youngsters' ball teams.

The athletic equipment was the gift of Frank Portnoy to the club.

Last week Partridge bought a set of boxing gloves and an arena has been loaned to the club. It will be set up soon for the club's recreation program.

DESERT HOT SPRINGS

Holding opening classes on Constitution Day, the Desert Hot Springs school began operation for the first time, September 17, with nine pupils in attendance. School will be held this year in the community hall under the instruction of Mrs. Elsie Rutledge.

Pupils are Barbara Croshier, Aurolyn Mayer, James Haidet and Oren Carney, sixth grade; Susan Canon and Robert Murphy, fifth grade; Larry Cordero, fourth grade; Royal MacDonald and Allen Hatheway, third grade.

Nine pupils from Desert Hot Springs attend higher grades at Palm Springs.

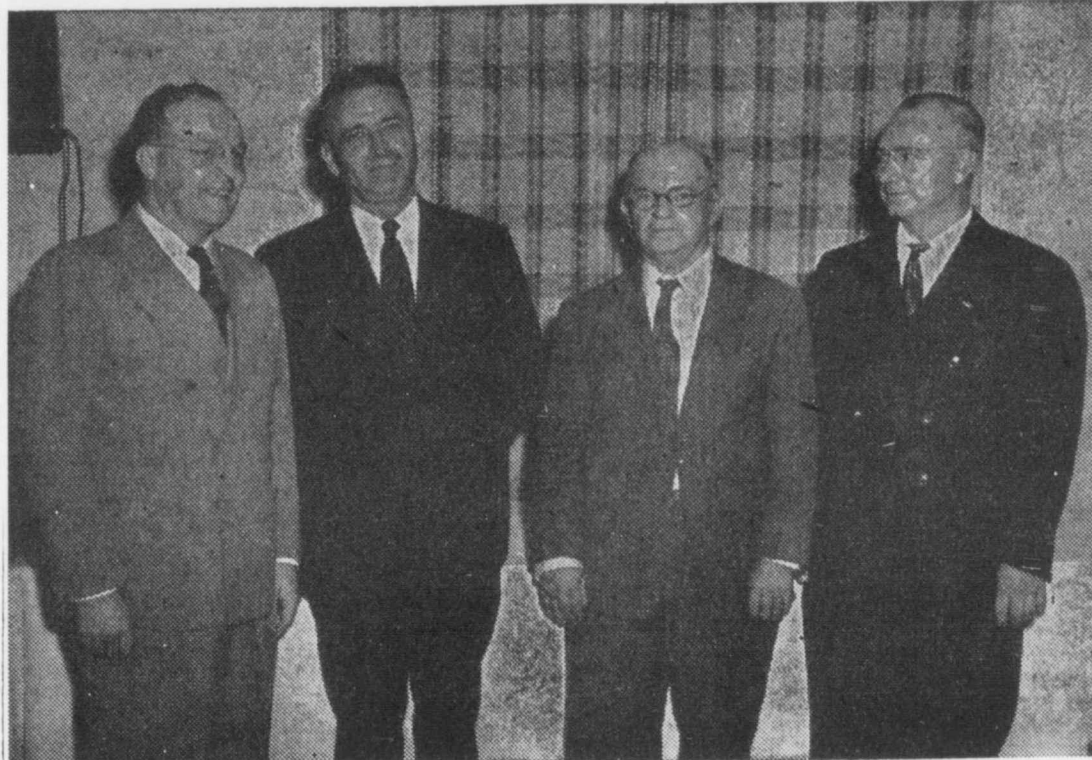

John Gentile, Desert Hot Springs grocer, took photographs of the pupils and teacher at recess on the opening day.

Investment Office Opens in Banning

Frank J. Denison, brother-in-law of Claud Freed, prominent Palm Springs resident, has opened an investment office in the Berlin Agency on North San Geronimo avenue in Banning. He will handle stocks and bonds as a representative of Mitchum, Tully company, 650 South Spring street, Los Angeles.

The firm is a member of the Los Angeles Stock Exchange and is connected with Kidder-Peabody in New York.

Abraham Lincoln was appointed postmaster at New Salem, Ill., in 1833.

SELECTED AS NOMINEE—Ray Adkinson of Santa Ana, second from left, candidate for the Democratic nomination for Congress, is shown above with the chairmen of the three Democratic county central committees in the district. Left to right are: Curtis L. Burrow of Santa Ana, Orange county chairman; Mr. Adkinson; F. W. Greer of Brawley, Imperial county chairman; and Virgil A. Cuning of Corona, Riverside county chairman. Dr. Adkinson, long-time Orange county superintendent of schools, was selected to make the congressional race at a meeting of the Tri-County Democratic Congressional committee, which was appointed by the three county central committees to pick a candidate.

Palm Springs Man Attends Re-Union in Far-Off India

Cpl. Wax Fink of Palm Springs was one of 84 Army and Navy men, Californians from San Francisco, Los Angeles, Pasadena, Walnut Grove, San Jose, Bakersfield, Chico, Alameda, Jackson and Modesto, who were guests recently at a Red Cross party in Calcutta, India.

According to word received by H. C. West, chairman of Palm Springs branch, Riverside County Chapter, American Red Cross, the "get-together" was held in the Calcutta Red Cross club, with a dinner of "chef's specials" to bring back a touch of home to the Golden Staters.

Following the dinner, each man present was introduced from the club stage. Little more was needed to make the night one to remember, as neighbor greeted neighbor. The climax, however, came with an invitation to attend the opening night of a British musical revue, which had just arrived from London.

"There's nothing like being in a strange place," declared Cpl. Fink and 83 others, "to make you feel like greeting every Californian like a long-lost brother."

Al Weingarten to Expand Insurance Office and Staff

Starting his 12th year in the insurance business in Palm Springs—his 17th in that field, Alvin Weingarten, well known local agent, announced today expansion plans for his office. Enlarged space, new equipment and additions to his staff, to keep pace with his fast growing agency, Mr. Weingarten now feels his office to be among the foremost in the county.

Writing insurance exclusively, and representing only old line proven companies, this agency, just four doors from the post office in The Plaza, is equipped to take care of every possible insurance need.

Earl Hough, popular Villager for the past 10 years, and formerly successful proprietor of the Associated Service station, is a welcome addition to the "family." Having had experience with the New York Life Insurance company, he is no newcomer to the insurance business, and his wide circle of friends wish him continued success as an associate of Weingarten's.

Mrs. Hazel West, attractive and competent secretary, at Laguna on vacation, returns October 1 for her third season with the firm.

Rounding out the staff is the "other girl in the office," Mrs. Esther Weingarten—ever busy with her bookkeeping—but never too busy for a pleasant smile for everyone.

Educators To Meet Here At Desert Inn

With a seminar which will bring leading educators here from all parts of the state, the Desert Inn will start its 37th season here in a week.

The famous hostelry will be in full swing by the end of the month with reservations so far indicating one of its biggest seasons.

Mrs. Nellie Coffman and her sons, Earl Coffman and George Roberson, will again be in charge.

Newspaper Week Will be Observed in Nation From Oct. 1 to 8; Need for Continued Free Press Stressed

With the slogan, "A Free Press—Torch of World Peace," the newspapers of America will observe National Newspaper Week, October 1 to 8.

The radio and motion pictures are paying tribute to the newspapers of the country next week, and Kiwanis clubs of Canada and the United States will hold special programs.

Harry Harper, former secretary of the county chamber of commerce and now secretary of the Palm Springs chamber, will be the Newspaper Week speaker at the Hemet Kiwanis Club Wednesday, and the Banning Kiwanis meeting Friday noon.

TEN ACCOMPLISHMENTS

Ten outstanding accomplishments of the nation's newspapers in contributing to victory in World War II cited in the outline sent to local Kiwanis clubs follow:

1. Thirty-three correspondents and photographers were killed during the war. Twenty-nine were wounded, while five were captured by the enemy.

2. The newspapers have served as a prompt and efficient medium of communication between the government and the people.

PAPER CRUSADE

3. Newspapers during 1944 assisted in collecting 7,036,000 tons of waste paper which was processed into newsprint and implements of war.

4. The War Advertising council reported that American business during 1944 contributed \$302,248,775 worth of its own advertising to support government and home front information campaigns. This figure represented a six per cent increase over the volume of 1943.

5. Newspaper support for the Seventh War Loan drive reached an all-time high. Statistics show more sponsored advertising in

the newspapers as well as more out the serious participation of news and editorial support.

6. There were 1,193 correspondents assigned to supreme headquarters of the American Expeditionary forces.

PAPERS IN GERMANY

7. Between 8 and 10 newspapers now are being published in the part of Germany occupied by the United States. Circulation averages more than 4,000,000 copies weekly.

8. During the war several hundred service publications were issued to men in the armed forces throughout the world. The China Lantern, a 12-page letterpress paper recently was judged the best of all service publications. Local news was gathered by field correspondents in China and then forwarded to the editorial office in Kunming. Copy was flown over the Hump to Calcutta and set in type. Newspapers then were flown back to Kunming for distribution.

9. Newspaper carrier boys of the nation have sold 2,000,000,000 war stamps since Pearl Harbor. This represents \$200,000,000 and 10 percent of all war stamps sold.

10. The United National Clothing Collection last April received the wholehearted cooperation of American newspapers. In fact, the drive was so successful in the United States that Canada now is in the midst of a similar campaign.

John Wood Opens Golf Driving Range

Johnny Wood has reopened his golf driving range for the season. This is the eighth year of operation.

Wood also manages the local Dill lumber company yard.

PALM SPRINGS, CALIF.

The Desert Sun—5

La Cita NEWS

The origin of "Mine Host" goes back to the medieval days of the roadside tavern, with the jovial, rotund innkeeper, who met the chaise and four on its arrival, saw to the disposal of baggage, registration and personally conducted his guests to their rooms. He then provided all the necessary food and drink for both man and beast and, wreathed in his inevitable smile, saw them off the next morning with "God Speed and Come Again."

How different today! The old style inn has become a streamlined skyscraper—a beehive of activity with thousands of rooms and employees. Gone is the personal touch and the spirit of "Mine Host."

Here at LA CITA, we try to the best of our ability to recapture some of the lost art of personal service in conjunction with the best the markets afford—properly prepared and served as prices attuned to the times.

STEAKS—CHOPS—CHICKEN—SEA FOOD.

A QUIET, HOMELIKE and REFINED ATMOSPHERE, where FAMILIES and CHILDREN in particular always find a warm welcome.

Village Youth To Be Honored At Occidental

Apprentice Seaman Robert Lawrence Hann, son of Mr. and Mrs. Harry Hann, Palm Springs, will be an honored guest Saturday evening, October 6, when the Associated Students of Occidental College sponsor a "Bon Voyage Ball" in farewell to members of the Navy V-12 unit, whose station on the campus will be completed this month. The affair will be held from 8:30 until 12, and plans are in charge of A.S.O.C.'s vice-president and social chairman, Jean Henderson.

Seaman Hann was graduated from Palm Springs Union high, where he was president of the Press Club and of the Letterman's Club. He was also active in dramatic, journalistic, and athletic affairs, including football, track, and baseball.

At Occidental College he resides in Wylie Hall, one of the men's residences occupied by the Navy.

NOW!
YOU CAN SEE THE ONE-AND-Only
BENDIX

YOU'LL enjoy seeing this marvelous new BENDIX as much as we enjoy showing it. It's truly a washday miracle. Be our guests. Come in today if you can. See how it washes, rinses, damp-dries—even cleans itself and shuts off—all automatically. Note that you can do an entire washing—and never even wet a finger. It will astonish you, and you'll surely want a new BENDIX for yourself. So, please—we urge you—come quickly and make sure of getting your BENDIX SOON.

EXCLUSIVE TUMBLE ACTION:
tumbles clothes through suds 60 times a minute, yet so gently that even fine fabrics launder beautifully.

What you do: put in clothes, set a dial, add soap.
What the BENDIX does: fills itself, tumbles clothes clean, thoroughly tumbles, dries clothes ready for the line or dryer, cleans and empties itself, and shuts off—all automatically! The Bendix takes only 4 square feet of floor space—fits perfectly in kitchen, bathroom, utility room or laundry.

Girl Scouts Open New Season With Series of Meetings

Girl Scouts of Palm Springs opened the new season this week with a meeting of leaders of the Brownies at Frances S. Stevens school Wednesday to discuss organization plans and program for the coming year and with the first meeting of the Girl Scout Council this afternoon at 3 o'clock at the Girl Scout house.

Girl Scouts from Frances S. Stevens school will inaugurate their season with a meeting tomorrow morning at the Scout house.

Mrs. Arthur E. Bailey, chairman of the council, again issued a call for leaders for the Girl Scout groups. No experience is necessary she said for leaders and assistants but later a course in leadership, similar to the one conducted so successfully last year, is planned.

Volunteers for leaders are asked to call Mrs. Bailey at 3484.

Riversiders Observe 18th Anniversary Here

Mr. and Mrs. Lowell Wilson of Riverside, celebrating their 18th wedding anniversary, were guests Monday night of Mr. and Mrs. Hutch Moseley. Mr. Wilson is connected with the county assessor's office at Riverside and the couple celebrated their anniversary while on an official trip through county areas.

Mr. and Mrs. Moseley, their hosts, will celebrate their own 18th anniversary next Saturday.

It will help the hog shortage if no one tries to make one of himself!

Wounded Veteran of Philippines Fighting Weds San Diego Girl in Torney's First Bedside Ceremony

Wednesday in a small white-walled room in Torney General Hospital, a dream that Lt. Lawrence F. Walthers had cherished through five long years of foxholes, screeching bombs and whistling bullets while in the South Pacific, became a reality—his marriage to Miss Jackie G. Feriera, resident of San Diego, took place.

It was not in a church as they had planned, and the bridegroom, an orthopedic patient here since early June, did not appear at the office of the county clerk in Riverside to get the marriage license—G. A. Pequegnat, Riverside county clerk, hearing of the event for which the couple had made plans back in 1940, sent J. C. Roberts, deputy, to the hospital at Palm Springs to issue a license to the couple and the wedding took place as scheduled.

FIRST AT HOSPITAL

Rev. (Mrs.) H. Langford, Congregational minister of San Diego, and long-time friend of the bride, officiated at the bedside ceremony, the first of its kind on record at the hospital.

The bride's nephew, Ralph J. Pellanda, and Miss Mittie Jarcki, also of San Diego, were the attendants.

Members of the medical and nursing staff and other patients in the ward crowded into the small room and jammed the hallway outside, in an effort to see and hear the bride say, "I do."

Following the ceremony, the bridegroom guided his bride's hand as she cut the wedding cake which had been placed on the bed for his convenience. Encircled in a wreath of purple asters and fern, the tiered cake embellished with white confection and topped by a miniature bride and bridegroom, was the gift of the hospital dietetics department.

On March 2 last, while with the 25th Infantry Division, on its

push toward Balet Pass in the Carrabell mountains, Luzon, Lieutenant Walthers was hit in the leg by a Jap sniper's bullet. After three months' hospitalization in the South Pacific, he was evacuated to the States, and a short time later came to Torney.

A first sergeant until February of this year, when he received a battlefield commission as second lieutenant, the South Pacific veteran, in describing the mission, said, "this was my toughest assignment, and I shall never be able to explain how I escaped being hit during this fight."

SEVEN-DAY TASK

"My outfit, Company L, was in the 3rd Battalion (35th Infantry Regiment) which was sent to take the Jap-held town of Lupao on Luzon. The Nips had 27 tanks in the town's defense and were throwing everything they had at us. It took seven days to get the job done, and my CO was killed."

After the CO was killed, and the executive officer had assumed command, Lieutenant Walthers helped reorganize the company and functioned as executive officer for the remainder of the siege.

During overseas service, the veteran was stationed in Hawaii, Guadalcanal, the Russell Islands, Vella Lavella, New Caledonia, New Zealand and the Philippines. He has received the American Defense, Asiatic-Pacific with four stars and the Philippine Liberation Ribbons in addition to the Purple Heart Medal and Combat Infantry Badge.

PLANS FOR FUTURE

A former aircraft worker, Lieutenant Walthers makes miniature models of planes and collects news items as a hobby. Many of the clippings in his four scrapbooks, which he started more than ten years ago, were gleaned from papers he received while stationed overseas.

"I want to go to San Diego and start in business for myself when I get out of the service," the patient said. "But," he reflected, "that won't be for six or eight months yet, as they will have to operate on my leg again."

Ervina E. Coble Becomes Bride Of Navy Officer

Dr. J. R. Macartney, pastor of the Community Church, officiated at a double ring ceremony Sunday afternoon at 3 o'clock, uniting in marriage Ervina Elizabeth Coble and Maximilian Anthony Urbaniak, U. S. Naval officer, at the home of Mr. and Mrs. Ferdinand Coble, 223 East Andreas road.

A large group of friends witnessed the happy event.

The bride, well known in Palm Springs, has recently resided in Fallon, Nevada. The bridegroom expects to be sent to Honolulu at an early date and Mrs. Urbaniak expects to accompany him to the Pacific island.

LEGAL NOTICES

CERTIFICATE OF PARTNERS DOING BUSINESS UNDER FICTITIOUS NAME

We the undersigned hereby certify that we are partners transacting business at 207 North Palm Canyon Drive in the City of Palm Springs, County of Riverside, State of California, under a designation not showing the names of the persons interested as partners in such business, to-wit, under the name of PALM SPRINGS APPLIANCE COMPANY.

The full names of the partners in said business are J. T. SANDERS residing at 1044 Charles Street, Banning, California, and JOHN ALEXANDER CHAMBERS residing at 1044 Charles Street, Banning, California.

WITNESS our hands this 30th day of August, 1945.

JOHN ALEXANDER CHAMBERS.
J. T. SANDERS.

STATE OF CALIFORNIA) ss
COUNTY OF RIVERSIDE)

On this 30th day of August, 1945, before me, Ann Miller, a Notary Public, personally appeared J. T. SANDERS and JOHN ALEXANDER CHAMBERS, known to me to be the persons whose names are subscribed to the foregoing instrument and they acknowledged to me that they executed the same.

WITNESS my hand and official seal the day and year in this certificate first above written.

ANN MILLER,
Notary Public in and for the County of Riverside, State of California.

My Commission expires March 25, 1946.
Pub.: Sept. 7, 14, 21, 28; Oct. 5.

Name Committee To Handle Retail Business Affairs

Names of the Retail Merchants committee of the Chamber of Commerce, authorized recently, were made public at the local chamber offices last week.

The committee is headed by Joe Butler of the local Safeway store. Others on the committee are:

George B. Dennis, Village Sandwich Shop; George Oliver, Oliver's Malt Shop; Leo Baker, Sam and Leo's; H. C. Moseley, Hatchitt's Market; Earl Hough, Al Weingarten Insurance Agency; Irwin Schuman, Chi Chi; J. E. Ballard, Bullock's; James Coffman, Desmond's; Merrill Crockett, Village Pharmacy; James Hume, Palm Springs Music Co.; William Ude, El Morocco Bar; Frederick Watson, Indianoya Trading Post.

Kenneth DuBose, Thrifty 5 & 10; Roland Gray, Royal Palms Bar; "Jud" Osborn, Associated Station; Floyd Bigley, Gilmore Service Station; Wall Spalding, Western Gear & Attire; Newton Hotchkiss, Lykken's, Hardware; Tom Holland, Lykken's Dept. Store; Blanche Denslow, Denslow's Gift Shop; Chas. "Shorty" Knupp, 596 West Via Escuela; H. R. Mennell, Fun-in-the-Sun Candy Shop; Fred Fulton; Fulton's Men's Wear; Fleta Wroughton, Desert Garden Date Shop; Milton Hicks, Palm Springs Builders; Walter H. Worden, Worden's Jewelry Shop; Ruth Sushan, Tailored Lady.

Shannons Return After 8,000-Mile Journey to East

Frank V. (Pop) and Emma Shannon arrived back in Palm Springs Monday of this week after an absence of a year and two weeks, during which they traveled 8,000 miles, visited in 21 states, and Mr. Shannon finally was told he didn't need to go see the doctor any more.

They took their time coming back, and Mr. Shannon said that he drove between 35 and 40 miles per all of the way.

"As a result, I didn't have a flat tire during the 8,000 miles," he added.

The Shannons are at present staying at Hotel Banning in Banning, while Mrs. Shannon goes house-hunting here.

Caliente Cottages To Open for New Season October 1

Mr. and Mrs. Herman Levine of the Caliente Cottages, 425 South Indian avenue, announced this week that their place would be open for the new season October 1. The Caliente Cottages have been renovated, redecorated and refurbished for the new season, which Mr. Levine believes will be one of the biggest yet. Advance reservations are coming in briskly and he looks for the "no vacancy" sign to be displayed all season.

The Levines have an extensive building campaign in mind and as soon as possible will construct a hotel on the Palm Canyon drive side of the property with additional cottages on the Indian avenue side.

A swimming pool will also be built in the near future.

James Campbells To Be at Home After October 1

Mr. and Mrs. James John Campbell will be at home to their friends at 601 East Andreas road after October 1, according to announcements received here last week.

Mrs. Campbell is the former Catherine Mae Grooms. They were married August 23 at San Francisco, California.

Mr. Campbell, well known here as "Jimmy", is an accountant with offices at 133 East Andreas road.

Doing the Village

with
Moya Henderson

Biggest event of the week, to this family anyhow, was the arrival of Pappy Henderson, home temporarily from the Islands.

The tourists are coming to town in droves. You can always tell tourists; they wear hats. Of course Palm Springers own hats, too. They sport them to church, to Women's club and Western Week will see hats by the score—all sizes and colors.

Seems good to see so many old-timers about these days. Spotted Carl Bradshers, Roy Randolph, Frank Bennett and Frank Bogert back in town, the latter still in uniform. Doing a little night spotting were Violet and Matt Fowler, laughing with and at Joe Frisco. The Stanley Rosins broke into big grins when asked about Catalina prospects. Looks like we'll be able to visit them at

their Island Villas come next summer.

THEY'LL BE BACK

Remember the gorgeous displays of desert verbenas five years ago? Looks like we're in for a good showing this year, too. Mrs. C. C. Neel says it takes five years for the seeds to germinate, those early rains probably helped too. Anyhow if you be poking around on the desert you'll note the many little plants making their appearance.

Roma Marvin is back in town after a week beachcombing at her sister's in Hermosa. Dottie Gorman got home in time for Jack's annual lawn party—better known as spreading fern on the dirt.

These Lion's Club ball games are getting to be an expensive proposition for Joe Allard. His disloyalty to the Lions seems to bring them luck. Each time he bets a dime against them, they win.

DOC ON THE MEND

Glad to hear Mrs. Ted Griffith is home and recuperating rapidly from her recent operation. We also extend our best wishes to Dr. Jim Oliver for a speedy recovery. Dr. Oliver was injured while riding horseback up at San Jose recently.

Elmo Purnell says I'm off his list if I don't plug Western Week. It hardly needs a plug though, as everyone always gets in the spirit and joins in the many events and activities. Just the same, we'll warn you that it won't be long now, October 15 to 21, so you'd better get busy and shake the moth balls out of your frontier pants and press up your ties, or you may be first to land in kangaroo court.

Soldier, On Way Overseas, Stops Here to Marry

Enroute to an overseas assignment, S/Sgt. Charles L. Lenfesty formerly stationed at Dalhart, Texas, Air Base, stopped in Palm Springs Monday night to claim as his bride, Miss Eleanor O. Sandeen of 261 Reeves Drive, Beverly Hills, Calif.

S/Sgt. Fred T. Geller, AAF patient at Torney General Hospital, his friend's best man, obtained the services of Capt. Paul E. Miller, 5th OTU Air Base Chaplain, who officiated at the ceremony performed at 8 p.m. in the Chapel at Torney.

Miss Marie R. Butler, whose home address is the same as that of the bride, was bridesmaid. The bridegroom formerly lived in Hollywood.

Weber's BREAD-TIME STORIES

KITCHEN TRICK

WHEN KEEPING ice cream in the refrigerator, remove wrapping and put in freezing tray. Sprinkle with two tablespoons of water. This forms a layer of ice over the ice cream and keeps it hard.

HOUSEHOLD HINT

TO PROTECT the surface of your white porcelain stove, keep this cleaning trick in mind. Those brown stains vanish in thin air when you rub them with a cloth dipped in turpentine.

RECIPE

CUCUMBER SLAW

3 cucumbers ¼ tsp. salt
Juice of 1 lemon French dressing
Peel cucumbers, then shred them on a coarse shredder. Sprinkle with salt and lemon juice, then chill. When ready to serve, stir in small amount of French dressing.

SATISFIES APPETITES

HARD-TO-GET, rationed foods go farther when you have plenty of good Weber's Bread on the table. Weber's is so fresh, smooth-textured and delicious. Enriched, too, with health-building vitamins and minerals!

Rowdy, Who Doesn't Live Up to His Name, Survives Second Attempt on Life and Wonders Who the Mean Guy Is

"Rowdy" has been hospitalized again . . . for the second time within a month. Rowdy can't understand why there is someone who doesn't believe in live and let live. You see, Rowdy is only a dog—a black and white cocker who loves life and loves people.

There are some things that are beyond the ken of dogs. And of people too.

IT'S A MYSTERY

Rowdy belongs to Capt. Alice Nash, commanding officer of the WAC detachment at the Air Base. The first case of arsenic poisoning could have been a mistake. The second time arouses a doubt. Capt. Nash can't understand why any one would want Rowdy out of the way.

"He's no bother to any one," complains Capt. Nash, "he stays in the yard. He has the sweetest disposition of any dog I've ever seen." And, in her statements, Capt. Nash is corroborated by Jeane Coutts Knight, with whom she lives, and other neighbors.

CALLS IT A MIRACLE

According to Dr. O. B. McRory it has been a miracle that Rowdy has pulled through both poisonings, and warns that he might not be able to save him from a third revengeful attack.

Rowdy likes life. He likes to play and be friendly. He likes to think back on his puppyhood days when he belonged to Raymond Cree. He wants a kindly greeting and an occasional pat. He doesn't want arsenic. And neither do Capt. Nash and Rowdy's many friends.

Homer Jenkins To Return Soon

Mrs. Homer Jenkins and son, Michael, have returned to the Village after a summer spent in the mountains near Mentone.

Mr. Jenkins, who is with the navy and has seen much service in the Pacific area, is now at Okinawa but is expected home soon.

He plans to renew his electrical business upon discharge from the Navy.

If I were president, I would want whomever is running the veterans office sitting at the cabinet table.—Brig.-Gen. Frank T. Hines, retiring veterans administrator.

Awarded Good Conduct Medal

Camp Butner, N. C.—Cpl. Harold W. Barkow of Palm Springs, was awarded a Good Conduct Medal at Camp Butner, N. C., it was announced today by Col. Willard C. Goley, commanding officer of the Hospital Center at this post.

Cpl. Barkow is assigned to the Hospital Center at Camp Butner, which comprises a U. S. Army General Hospital and the Camp Butner Convalescent Hospital.

Dr. V. A. Chapman Back in Village

Dr. Vernon A. Chapman, eye, ear, nose and throat specialist of 435 North Palm Canyon drive, is back in the Village after a summer spent in the midwest. Date for opening of his office here is still undetermined, he said.

Dr. Chapman spent much of his vacation working with specialists in Ohio, Illinois, Wisconsin and Michigan.

Coleman's Return to Re-Open Their Delicatessen Here

Returning from a busman's holiday, during which he worked in a delicatessen, the Coleman's have reopened the Cottage Delicatessen on north Palm Canyon drive and are ready for their second season.

Any number of odd food items will be obtainable at the store as Mr. Coleman spent the season in making contacts to obtain hard-to-get items.

To a lot of youngsters, the first bunch of home-grown spinach will be a surplus crop.

A house with spirits in the cupboard is haunted—by friends.

The optimist and the pessimist merely look at the world through different colored glasses.

CHILLER-DILLER—Alan Carney, Wally Brown and Anne Jeffreys in RKO's chiller-comedy, "Zombies on Broadway," with Bela Lugosi at the Palm Springs Theater next Wednesday only.

"I Rise to Remark"

By CONGRESSMAN JOHN PHILLIPS

About the vacation trip: Surprisingly, this was the first time either Mrs. Phillips and I had even driven across the country. When we came to California, we had been in Colorado Springs, and had bought a second-hand car there, piled it with the family possessions, and driven to the fabulous land of California, "to stay a few months" and see what it was like. When we settled down in Banning it was "to stay a year" to get over a physical condition due to the war. That was 20 years ago.

The session of Congress which ended in July was a tough one. We had been working more than 12 hours a day in this office for months. We had stayed three weeks to catch up on accumulated mail and other matters. We were both tired. The trip by auto seemed to offer a complete change from the Washington grind.

I had two chances to go abroad this summer, as I said in an earlier column, once to take a sort of educational trip, in which I was not particularly interested, and once to take a quick trip to England and France to check again into the food situation. The latter was tempting, but after the session, California was the most tempting place of all. At that I got only six days in the District, and only two days in Banning.

We took the route home through Maryland the corners of West Virginia and Pennsylvania, Ohio, Iowa, Nebraska, Wyoming, Utah and then through Reno into Northern California and down

the coast. We stopped at Lincoln to see the older son, a Tech-Sergeant there, and on the way back we stopped in Phoenix to see the younger son, a Lieutenant in the Air Corps. He had hoped to drop south to see Midge, at the Cherry Point Marine Base, North Carolina, but the Congress got ambitious and began to vote out postwar bills, and we had to cut that out. One reason we wanted to go down there was to be able to tell Walter Pittman that we had been to the other end of Highway 70, which duplicates his Highway 60 through Banning, and then runs into the Atlantic ocean quite near Cherry Point.

I look forward with some concern to future family discussions on the war. In our family we have the Air Corps, the Marines, and the Infantry, with the old man putting in a plug for Ordnance. No Navy. At the moment I think the Marines are ahead. The nice thing about being in World War I, instead of II, is that we never had any doubt about who won the war. The M.P.'s won it!

We started out on the narrower, winding roads of the East. They bother my California friends, who would like all roads, from ocean to ocean to be straight and hard and lined like the road up the Imperial Valley. California roads are the best in the country. Best paved, more paved, better signed. Eastern and Middle-western roads are not well signed, old and dim signs, side to the road instead of facing traffic, and often not signed at all. Lots of towns have no visible

OPA Lists Week's Prices on Market Products in Area

"Outlying" trading area ceiling prices on fresh fruits and vegetable effective Thursday, continuing in force through Wednesday, October 3, were announced today by Don Simpson, OPA food price specialist, as follows:

Carrots, bunched, minimum net weight 1 lb. 10c bunch

New Type of Range Now on Display

A new type of gas range, which offers an extra oven, is now on display at the Palm Springs Plumbing company. First of its type to reach the market the double ovens make it possible to bake and roast at the same time.

According to Oscar Mandin-ach, proprietor, the range is one in which "the roast needn't wait for the cake".

The quickest way for a doctor to lose a woman patient is to tell her it was a minor operation.

Benton Beckley Back for Season

Benton Beckley, realstate broker, has returned to the Village for the season and has opened his office at 204 North Indian. He is specializing in Indian properties. Beckley also holds a Riverside county franchise for prefabricated homes, now on the market.

His wife and two children will also spend the season in Palm Springs.

Even better than coming from good stock is having plenty of it!

Highway Program Clarified When Supervisors Meet

Returning Saturday from Sacramento, where a meeting of 40 or more supervisors and other county officials representing 31 California counties was held to clarify provisions of the federal aid highway program, Supervisors Clarence A. Steves, Corona, and Walter V. Pittman, Riverside; with County Counsel Earl Redwine and County Surveyor A. C. Fulmor, expressed satisfaction with explanations given by federal and state authorities.

Meeting with C. H. Purcell, director of the state department of public works, the group was given an outline of the program under which, during the next three years, \$15,000,000 of federal money will be expended under a postwar program of state and county highway construction throughout the nation.

California's share of funds available under the program will be \$12,000,000, it is understood, most of which, it is expected, will be spent on county highways.

To be eligible for inclusion in the federal aid program, county highways must meet certain standards of need, traffic count and connection with federal highways. Definite construction standards also are required.

The board of supervisors, at Monday's meeting, will consider the matter of just which highways in Riverside county will be included in the list submitted for approval under the federal aid program.

Status of Highway Committee Will be Clarified at Meet

To clarify the part the highway and transportation committee of Riverside County Chamber of Commerce will play in its relationship to the county planning commission and the board of supervisors, a special committee will meet soon with the county governing board, it was decided at Monday's meeting of the chamber of commerce committee.

The committee will consist of R. H. Westbrook, highway and transportation committee chairman; Harry S. Payne, Corona; W. S. Fleming, Riverside; J. S. Loomis, Hemet; and K. Irving Marshall, county planning commission engineer.

Information presented at this week's meeting indicated that there still is a chance to have the Banning-Idyllwild road included in the federal forestry system, and it was decided to exert special effort to achieve this objective.

Westbrook presided, and present, in addition to those already named were Guy T. Woodworth, Banning; R. H. Crumpacker, West Riverside; Alvin Downs, Corona; W. R. Hillery, Cathedral City; P. M. Swart, Palm Springs; Harrison Spaulding, Hemet; all members of the committee.

Also present were Assemblyman Philip Boyd, Palm Springs; A. C. Fulmor, county surveyor; Lloyd Record, San Jacinto member of the chamber of commerce board of directors; and R. M. C. Fullenwider, chamber of commerce secretary.

Lions Take Pair of Games, Close Season Tonight

Palm Springs Lions baseball club will close its season tonight with a game at Banning against the Navy Hospital team, following a week marked by two victories.

Last Friday night they defeated the Hemet Lions 13 to 1 in a game at Hemet marked by the airtight pitching of Bob Gauff, and a home run by Russ Thompson.

Tuesday night, the Lions trimmed the Air Base All-Star team in a tight game, 3 to 2. Bob Gauff hurled for the victors and Capt. Don Hickey for the All-Stars. George Thomas homered for the Lions in this game.

Contractors Organize to Stabilize Wages

Formation of an Employers Building Trades Council to stabilize a chaotic wage condition here brought about by the war, was started last night at a meeting at the council chambers with H. H. Foster, temporary chairman, and C. V. Knupp, secretary and treasurer.

Approximately 40 contractors in the local building field were present and voted to file a petition with the War Labor Board asking a 12½ per cent wage differential for this area above the rate established for other southern California counties. Higher costs here were given as the need for the differential.

F. G. Wallis and associates of Los Angeles, have been engaged to prepare the local petition which will be sent to the San Francisco WLB offices at once. The petition is being prepared today.

If the petition is granted it will tend to stabilize the wage situation here. The chaotic condition arose during the war as a result of scarcity of man-power.

School Figures Show Big Gains

Enrollment at local schools continued to climb as they swung into the second week of the new term.

At Palm Springs high school, the enrollment Monday was 211, far in excess of the figure on the opening day of the second week last year.

Miss Katherine Finchy of the Desert School District, reported an enrollment of 544 on the second week of school. Last year the enrollment was 477 on a comparable date.

Torney Bowlers Hit High Scores In First Events

Officers from Torney General Hospital swarmed over Al Allegri's Palm Springs Bowling Academy alleys this week as they rolled for averages in preparation for the coming bowling league.

Many high scores were recorded during the session. League play will get under way soon.

County Selections for Tram Board Delayed for Week

Riverside county board of supervisors Monday postponed selection of two men to represent the county on the Mt. San Jacinto Winter Park Authority because one of the men under consideration expressed doubt as to ability to serve. Selection of the two men by the county is expected next week.

Under the terms of the tramway bill, introduced by Assemblyman Philip L. Boyd of Palm Springs and passed by the legislature, the seven-man authority will be composed of two men named by city council of Palm Springs, two named by the county and three by Gov. Earl Warren.

City council last week named Earl Coffman and John R. E. Chaffey on the board. Supervisors were given a list of seven nominees from which to choose their two men, by a committee of county citizens appointed by Robert Ransom, president of the local Chamber. It is understood they had made their selections but that one of the men chosen was unable to serve. Therefore, the appointments were held up a week.

Gov. Warren will make his three appointments to the Authority after the county board acts.

Gunnell's Men's Shop Provides That Desert Air

Charles Gunnell Cox, long in the merchandising business, has opened Gunnell's, a men's shop, at No. 2, the Arcade, with a complete line of men's furnishings, accentuating the desert motif as his features.

It was just a year ago that he received his discharge from the army and after a visit here, decided that this was the place he wanted to live and do business.

In preparation for Western Week he has stocked many items to provide Villagers with the necessary apparel to ward off Kangaroo court fines but his main idea is sport clothes particular to this area. With Mrs. Cox, he has become a regular Villager and an ardent Palm Springs fan.

Records Broken At Health Clinic

Opening day records were broken at the Health Center when the first Child Welfare clinic of the new season was held Tuesday.

Mrs. Madge Holderman, Village public health nurse, said that 77 youngsters were given the once-over by Mildred Van Cleve, county pediatrician.

It was the largest September attendance at the clinic in the center's history.

Congratulations to the Arcade

Mr. and Mrs. Villager,
Palm Springs, Calif.
Thank You, Friends,

for your many compliments on our new store, and the generous manner you have received us since our "Get Acquainted Opening".

If you DEMAND quality, if you DESIRE full value, and APPRECIATE that old pre-war "personal service", we think that you will continually enjoy your visits to our store, for those are the factors that determine our policy.

We cordially invite you to drop in any time and look over the latest shipments of exclusive merchandise that will be continually arriving.

Sincerely yours,

Gunnell's

MEN'S WEAR

"THE ARCADE"

P. S. We have just received a shipment of Men's Slack Suits, which you may select either as a suit or the slacks separately, also some lightweight 100% Wool and Flannel Slacks of a particularly nice cut.

Dan Toby, Joe Yule Headline Great Show for Soldiers

Dan Toby, fight announcer, who never passes up an opportunity to brighten hospital days for the men at Torney, and Joe Yule, father of Mickey Rooney, headlined the David King show which played to a capacity audience at the hospital Sunday afternoon.

Appointed official announcer of all boxing matches in Europe by General Pershing during World War I, Toby's subsequent appearances as a sports announcer brought him into contact with most of the nation's great sports figures. Stories gleaned from his long and eventful career colored his Sunday appearance at Torney and proved to be top fare for the soldier audience.

Others billed on the highly successful show were Frank Benham, USN yeoman and tap dancer on weekend pass from San Pedro; Janice and Myrna, Spanish dance duo; Carol Cobett, military baton tap and Hawaiian number; Aurelia Avram, 12-year-old singer; Joan Kreger, military tap on toes; Marilyn Dewey, blues singer; Maury Dains, magician; Bernard Gorcey, stories; three-foot-tall Tommy Ivo, top hat and tails performer; Rosemary Wanger, impersonator of Sophia Tucker, and Andra Lou Dewey, acrobat.

Maybe little Johnny is doing Mom and Dad a favor when he acts up just before dinner and spoils their appetites.

Great Tourist Business Cited as Principal Reason Palm Springs Needs Adequate Service by U.S. Air Lines

Exceptions to the Civil Aeronautics Board examiner's recommendations that the American Airlines be denied a permit to make Palm Springs a regular landing port on their transcontinental Route 4, were filed this week by the company's attorneys. They set forth that public convenience and necessity require the certification of Palm Springs as an intermediate point on the route.

Public hearing on the examiner's report is scheduled for October 8 at Washington, D. C.

CITY ALSO ACTS

Palm Springs, through the city council and chamber of commerce, has also intervened, and City Attorney Roy W. Colegate will submit briefs taking exceptions to the recommendation, in behalf of all airlines seeking permits to land here. He was in Los Angeles Tuesday conferring with air line officials.

The American Airline brief follows:

Although, as noted by the examiner (Report p. 24), Palm Springs in 1939 produced \$11,500,000 worth of manufactured goods and \$12,544,000 of agricultural products, and mineral production in 1940 amounted to \$3,918,747, the importance and need of Palm Springs from the standpoint of transportation lies in its character as an outstanding resort and vacation center. It is for this reason that the needs of Palm Springs for direct air transportation cannot be judged in terms of the traffic generating characteristics of ordinary communities of comparable size, as the examiner to all intents and purposes has done, but must depend upon its situation as a luxury vacation center.

While Palm Springs' perma-

nent population in 1940 was only 3,434 (24,187 within a 25-mile radius) the average transient population during the resort season totals approximately 8,300 persons, with a monthly turnover of approximately the same number. Thus, during the eight months of the resort season, running from October 1, through May, Palm Springs accounts for 8,300 round trips or 16,600 one-way trips of actual travel each month. Air transportation would be one of the most desirable methods of travel to this important resort area. Clearly, the examiner in denying such transportation did not give sufficient weight to the actual travel to Palm Springs—or to the potential travel which still remains untapped.

California visitors to Palm Springs naturally predominate. However, the hotel registrations show that 33 per cent have come from states other than California, and 2 per cent came from states to which American would provide one-carrier or improved connecting service. Fifty-six and six-tenths per cent of the tourist inquiries directed to the Palm Springs Chamber of Commerce have come from states east of the Mississippi river, clearly revealing the extent of additional traffic in the East which remains to be developed by air transportation. Evidence such as this shows a definite need on the part of Palm Springs for at least one through air carrier to the east. Direct air transportation to the east, which is now provided directly over Palm Springs, would make it readily accessible as a vacation center to the population concentrations of the Midwest and the Eastern seaboard. It is only necessary to reflect upon the increase in air traffic to Phoenix resulting from the authorization of that point on TWA's Route 2 to realize the importance of air transportation to a resort area of this character. Air travel is an important facility and adjunct to a luxury resort such as Palm Springs, and the "Sun Country" advertising with which American has popularized the Phoenix and Tucson resort areas would similarly spur the development of air travel to Palm Springs. With the Oklahoma City "cutoff", American can now more actively than ever promote tourist travel from the Midwest to the resort areas on its route of Tucson, Douglas, Phoenix and Palm Springs.

OVER CITY DAILY

Air service to Palm Springs from the East passes it by every day, and because it requires only one additional mile from American's direct Phoenix-Los Angeles route, the additional cost of satisfying the definite public need for such service would be relatively small. Only 7 passengers per trip need be developed to provide the passenger revenues necessary to meet this additional cost and to break even, before mail pay and express revenues. Further, since American now operates to and from Palm Springs, even though on a temporary basis, a large portion of the estimated additional cost of service, which was based on the assumption of a completely new service, is already being incurred, and a large part of the investment in ground facilities for this point likewise already has been made.

Finally, the examiner in his report, and presumably in his thinking, gave no consideration to the fact that American already is operating to Palm Springs, already has developed air traffic to that point which is "American traffic" as much as any traffic can be said to be "Western traffic," and American has already made the necessary investment in ground facilities to conduct air transport operations to and from Palm Springs. We submit that these too, are valid reasons why Palm Springs should be, and must be to meet the requirements of the public convenience and necessity, certificated as an intermediate point on American's Route 4.

In 1942, TWA carried 4 passengers between St. Louis and Phoenix, 23 between Chicago and Phoenix, and 5 between New York and Phoenix (Exhibit TWA-12, Docket No. 503 et al.). After the establishment of Phoenix on Route 2, travel between these same points, carried by TWA, totaled 120, 806, and 367 passengers, respectively (Exhibit TWA-3, Docket No. 1895).

Shortages and rationing have caused some folks to act like they've been eating raw meat. Wouldn't they love to!

Pay your telephone bill before the 30th and receive a discount.

Two Ex-Prisoners Of Japs Recover At Hospital Here

First soldiers to reach Torney General Hospital from imprisonment in Japan arrived at the hospital last Thursday just four days flying time from the Tokyo air field. They are Sgt. Walter L. White, Phoenix and Pfc. James L. Zumwalt of Ajo, Arizona, taken at Corregidor May 6, 1942.

Both appear to have withstood with considerable fortitude the long years of Japanese internment which they agree was "generally pretty rough." Three weeks of comparatively normal living and adequate food have resulted in a 25-pound gain for each.

GIVEN TREATMENT

Brought into the Tokyo area September 1 from their prisons at Toyama and Nogata, they spent four days in Tokyo Harbor aboard the hospital ship Marigold, meeting for the first time in almost three years.

Upon their arrival at Osaka, Armistice Day, 1942, Sgt. White was sent directly to a prison camp in Manchukuo where he remained 18 months, while Pfc. Zumwalt spent a similar period at Camp B-3 Yokohama. During the following years they labored for the Japanese, living under the stark, brutal conditions which every American now associates with Nipponese treatment of prisoners.

SUFFER IN CAMP

Restricted diet which brought slow starvation and beri-beri to many, repeated beatings, confinement in cold cells after being stripped of all clothing during sub-zero weather, and other disciplinary measures for any breach of camp rules became commonplace details of their long prison confinement.

Now becoming readjusted to freedom and home, they declare that the greatest emotional experience came when they first saw men of the American forces. Said Pfc. Zumwalt, "It's great being home and strangely enough it's the small things we never noticed before which now seem most significant to us."

S.P. Gives Him His Wish—He's Villager Now

Ultimately, the Southern Pacific plans a down-town ticket office but at present, the army comes first. So Ned C. Williams, city ticket agent, and Dwayne Bardwell, travelling passenger agents, are busy serving military personnel and civilians at their office at Torney General Hospital.

They took the places of Jimmy Shea and Bill Wilson, Shea is now in the army and Wilson has returned to the Los Angeles offices.

Williams, a frequent visitor here in pre-war days had always expressed a hope to live in Palm Springs. He was a Los Angeles city employee in the public relations department at the time. Then, after getting out of the army, he sought essential work and landed on the railroad. For eight months he was passenger agent on the San Joaquin Daylight and later in the Beverly Hills office. Then came the long-looked-for chance—he was sent here.

Bardwell has been with the company for some time. He has a wife and family and, like a lot of other people, puts in his spare time looking for a house.

If there were no fat people, who would occupy all the aisle seats in the movies?

War Chest Fund Aids Two-Time Nazi Victims

Luxembourg, the only nation twice occupied by the Germans during World War II, suffered greater losses from looting than originally supposed, it is revealed in a report to William B. Colburn, chairman of Palm Springs Community Chest Inc., from the National War Fund. The local drive will open next Monday.

To meet emergency needs, the National War Fund has made an emergency appropriation of \$50,000 to The Friends of Luxembourg, a member agency.

The Germans having fled from Luxembourg, again invaded and occupied it briefly during the Battle of the Bulge. On their return, they exercised their wrath upon the Luxembourgers for cooperating with the Allies and carried on systematic looting and devastation.

Friends of Luxembourg, member agency of the National War Fund, is supported by contributions to Palm Springs Community Chest, Inc.

Olivers Open For New Season

Another good place to eat reopened in the Village this week when Mr. and Mrs. George Oliver opened their Malt Shop at 282 North Palm Canyon Drive.

The Malt Shop will be open from 11 a. m. to 2 a. m. daily except Thursdays.

Mr. and Mrs. Oliver spent the summer months at Lake Tahoe.

Use the Mails in Ration Business, Advice of Board

Consolidations of local rationing and price control boards throughout Southern California—some of which now have been completed and all of which will be in effect by the end of this month—increases the desirability of applicants using the mails to tell their needs to their local board, according to O. K. Collins, OPA district board executive.

Since fewer boards will be available to the public and each will serve a large geographical area, time of applicants as well as board employees will be saved by use of the mails whenever possible, Collins said.

Persons who have been served by the Palm Springs boards now will apply to the consolidated board, No. 7.1 at City Hall, Seventh and Orange streets, Riverside.

Although much of the rationing program has been dropped by OPA the need for price control is more important than ever, the OPA emphasized, and all of the consolidated boards will have price panels working in their areas to keep prices to consumers down.

Mr. and Mrs. Camp Back in Village

Mr. and Mrs. Frank W. Camp are back in the Village at their home, 776 Mission road.

They spent the summer months in Hollywood.

Modernization of Building Code Not to Mean Relaxation

"Recent action by City Council in authorizing a study of the present Building Code, looking to its revision and modernization has been construed by some as meaning that the present high standards of building requirements and enforcement policy would be relaxed. This is not true in any respect as the present plan is to develop an even more rigid program of Building regulation control," City manager M. Sorum said yesterday following many queries from prospective builders.

"If we are to keep pace of modern building trends and are interested in the development of our community through the construction of modern attractive and safe buildings, we must take steps to revise and modernize our present Building Code," he continued. "This, of course cannot be accomplished overnight. With the realization that many months of hard work are involved in the solution of this most important undertaking, the success or failure of our efforts will be measured by the degree of wisdom which is exercised at this time in laying the groundwork for this program."

City council at its last meeting authorized Mr. Sorum to gather a committee of builders and representative Villagers to study the present code with a view to revision and modernization, at the same time keeping the high standards of safety and public health embodied in the present ordinance.

Mr. Sorum said at the time that this was not, in any sense, to be construed as an easing of the health and safety standards now incorporated in the building code.

Texas Girls Take First Look at Us

Guests of the Royal Palms hotel this week included Jeanette Brown, Maryon Thompson and Virginia Harris, who were looking over the Village for the first time.

Miss Brown's father is publisher of the Electra, Texas, newspaper.

Harper Appointed Chairman of New County Committee

Assemblyman Philip L. Boyd and City Manager Ray M. Sorum of Palm Springs were present at a meeting of board of directors of Riverside County Chamber of Commerce last week at which time many items of postwar importance to the county and Village were taken.

Principal item was the recommendation to board of supervisors that they ask the state re-employment and reconstruction commission to name a panel to study postwar projects and problems particular to this county and its communities.

RE-OPEN STATE FAIR

The directors adopted a resolution for forwarding to Gov. Earl Warren, the commander of the western defense area and the secretary of war asking that the state fair grounds at Sacramento be turned back to the state at the earliest possible date.

Harry C. Harper, secretary of the Palm Springs Chamber of Commerce, was appointed county chairman and organizer of a group to work with the national committee on economic development. This group will cooperate with the county postwar planning committee.

FOR COUNTY MEETINGS

The county chamber of commerce directors decided to revive the county-wide meetings formerly held by the organization, as soon as proper arrangements can be made. It was indicated that the first meeting may be held in January.

R. M. C. Fullenwider, county chamber secretary, was authorized to proceed with compiling information to be included in a new booklet to be issued for the benefit of persons interested in agricultural facts of the county.

BOYD AT MEETING

The directors decided to follow a strict policy of endeavoring to knit the county as a whole together on postwar and other projects.

Assemblyman Phil Boyd, a guest at Thursday's meeting, stated that he wishes at all times to know the desires of the people of Riverside county, and that he will respect the conclusions of the county chamber.

Acoma Indian Shop Opens for Coming Season

Ruth Bibb has opened the Acoma Indian shop for the tenth season and is welcoming her old friends and new patrons in the same intimate way for which the shop is noted.

Outstanding Indian and Mexican items are offered. Assisting Mrs. Bibb is Jane Horne.

Nobby Knit Shop to Open for 11th Season October 5

Again under the management of Roma Marvin, the Nobby Knit shop will reopen on Oct. 5 for its eleventh season in the Village.

Mrs. Marvin, whose husband is now stationed in Japan, will start her tenth season with the shop. An outstanding line of peasant skirts and boleros has been added to the exclusive sportswear, Mrs. Marvin says.

Palm Springs Drug Fountain Extends Hours of Service

Starting October 1, the hours of the Palm Springs Drug and Import company fountain will be from 7 a.m. until 10 p.m., it is announced by William Leavelle, manager.

Many improvements are being made and special attention is being paid to after-theatre patronage.

The Plaza Phone 3666

She Eliminated The Flies—And Almost Herself

Mrs. Hetty Dudley of the Joshua Tree Studio, No. 13, the Plaza, opened her shop this week end—a little later than she planned and thereby hangs a story.

Mrs. Dudley was trying out a new insect spray and inadvertently, sprayed herself. The liquid had such a searing effect that she had to go to the hospital for ten days for treatment.

In keeping with Western Week, coming up on Oct. 15, her window display is devoted to little figures of horses.

We came home on prayer and hope.—Lt. G. E. Miller, pilot of American Privateer plane that returned to Okinawa with belly ripped out after attacking in Tsushima Straits.

KNOWS 'EM ALL—In the week she has been filling in as guest entertainer at the organ at the Rainbow Room, Shirley Webb, above, has only been stopped once by a request number—but ten minutes later she suddenly remembered and swung into it. And the requests were coming in thick and fast, too.

Can't Stump Her on Any Numbers, New or Ancient

Guest entertainer at the Rainbow room, while awaiting the opening of the Rolly Room where she will be featured this winter, Miss Shirley Webb, organist, had patrons calling her Ethel Smith, nationally known Hammond specialist, because of her superb playing.

Miss Webb came to Palm Springs after a tour of the army camps where she entertained at Officers' clubs with her organ music and after engagements at some of the nation's best known dinner rooms. She has been heard over NBC on several chain programs and has played in some of the largest clubs.

Her specialty, however, is in requests. It is reported that the other night she was showered with requests for "oldies" that went clear back to 1917 and she didn't miss but one. The patron who asked for it didn't—or couldn't hum the tune. All he knew was the words. But from that slender clue, she caught it and broke into the number, to his great delight.

Two New Places to Open up Here in Coming Week

Two new places will open in the Village next week—the Rolly Room and the Royal Snack Room. Both are in the Royal Palms Hotel building.

Workmen have been busy for the past two months preparing the new sports and this week end put on the finishing touches.

The Rolly Room will also house a seafood bar which will be opened Monday.

Harry Peale, who was with RKO in Hollywood for 12 years, will manage the Royal Snack Room, also due to open next week. Breakfasts, lunches and sandwiches will be featured.

"We're going to concentrate on a few items and make them especially and extra good," he said.

Rolly Grey, son of Earl Grey, owner of the Royal Palms hotel, will manage the Rolly Room.

Miss Shirley Webb, nationally known artist on the organ, will provide entertainment at the Rolly Room.

El Paseo Beauty Shop Opens for New Season Here

The El Paseo beauty salon, now located at number 10 in the El Paseo patio, has reopened for the season, again under the capable management of Louella Sanders.

Remodeling work in the new quarters has been completed and much new equipment has been added. Experienced beauty operators will be on hand at all times.

Cuba has assured the United States that the bulk of its sugar production will be available for the United States' needs.—Clinton A. Anderson, Secretary of Agriculture.

It's a Happy Anniversary for Wounded Veteran as Wife, Deep in the Heart of Texas, Gets Busy

Pfc. Joseph H. Drew, battle casualty at Torney General Hospital, smiled happily today as he looked at a picture of his wife, Mrs. O. V. L. Drew.

"My wife manages the Hilltop Cafe in Madisonville, Texas," he said, "and I'd like for everyone to know that I think she's done a swell job."

SURPRISE PARTY

A few hours before, Drew had been surprised with a party in celebration of his fourth wedding anniversary. Mrs. Drew, unable to be with her husband, had made the event possible. Early in the week, she wired \$50 to the Post Red Cross with instructions for the party which included other patients on Drew's ward.

Red and white gladiolas bedecked his bedside table. Helpings from a large, three tiered

wedding cake and ice cream were served, cigars were passed and a telephone call to Mrs. Drew in Madisonville climaxed the party.

CHI CHI GROVE PLAYS

The Three Cabaleros including Charles Cota, Rubin and Harvey Guevara with Mrs. Susan Parker, who perform nightly at the Chi Chi, volunteered the entertainment.

A patient at Torney since February 19, Drew was hit in his left leg by fragments of a high explosive shell, November 24, 1944, in the Huertgen Forrest region, Germany.

Member of a road and bridge demolition platoon, he was with Company K, 121st Inf. Regt., 8th Pathfinder Division and served in England, France, Luxembourg and Germany.

TEXAS IN HIS HAIR

He wears the E. T. O. Ribbon with three Battle Stars, the Purple Heart and Combat Infantry Badge.

In answer to a query about his future plans, Drew, who hails from Texas drawled, "I intend to live in Texas, of course, I've always wanted to study law and now perhaps I can do so under the G. I. Bill of Rights."

TROPICAL SKIN DISEASE CENTER ESTABLISHED

Establishment of eight centers to specialize in the treatment of tropical skin diseases, primarily for the care of men returned from the Pacific, was announced today by the Ninth Service Command Surgeon at Fort Douglas, Utah.

The weatherman is considered right about 80 per cent of the time—leaving 20 per cent of the time for most anything to happen on holidays.

To be sure, more and more jobs are going to be done—but not the kind that are made by men walking out on strikes.

LIKES IT—Pfc. Joseph Drew, patient at Torney General Hospital, enjoys surprise party, arranged by wife, Mrs. O. V. L. Drew, Madisonville, Texas. The photo is of Mrs. Drew. Shown in background are the Three Cabaleros, Chi Chi performers, who volunteered entertainment.—Official U. S. Army Photo.

MORE ABOUT . . .

Local Field . . .

who assisted in every possible way to the success of the Army Air Field since its activation. He publicly wished to thank the Palm Springs Chamber of Commerce, the Mayor, the American Legion and other service organizations for the fine hospitality displayed toward the soldiers stationed at the base.

HUNDREDS TRAINED

Since December 1, 1944, when the mission of the field was changed from that of ferrying planes to modification centers and to battle arenas around the world, to that of a training unit, and its name changed from the 21st Ferrying Group to the 5th OTU, hundreds of pilots were trained to fly the C-47, giant work-horse of the Air Transport Command. Many of these pilots were former combat pilots rotated back to this country. These pilots went from Palm Springs to every fighting front of the world.

For a time it was the home base of a detachment of flight nurses and crews assigned to hospital evacuation duty, picking up wounded at ports of debarkation here in the United States and flying these soldiers to hospitals nearest their homes. It was also a Military Air Transport depot.

FOUNDED IN 1942

The air field was originally founded as a sub-unit of the 6th Ferrying Group at Long Beach in April, 1942. In October of the same year it was designated as the 459th Air Base Squadron. In March of 1943, it was activated as a group and called the 21st Ferrying Group.

It was during this period that pilots assigned to the 21st Ferrying Group flew the air routes of the world in the delivery of planes to every theater of operation around the globe. It was not uncommon for a pilot to return to Palm Springs within a period of 30 days or less, and talk about the sights he had seen in Calcutta, India, or more than half way around the world from there in London, England, where he had just enough time to watch the changing of the guard on the palace grounds.

TRAINING CENTER

Not uncommon was the exclamation of these pilots on their return from some foreign delivery: "Am I glad to get back to Palm Springs and some good American scenery!" Many sons and daughters in years to come will look at their birth certificates and will ask their mothers and fathers what kind of a place is Palm Springs.

From November, 1943, until April, 1944, ferrying activities of the 21st Ferrying Group were temporarily suspended, and the training of pilots to ferry pursuit planes was inaugurated. These trained airmen on graduation were used to augment the delivery of P-51s and P-47s to our fighting forces.

When this school was moved to Brownsville, Texas, ferrying, air evacuation and the servicing of aircraft became the basic tasks again.

INTENSIVE WORK

During the C-47 training period and the re-designation of its name to the 5th Operational Training Unit, students attending this school received an intensive course. The main purpose was the upgrading of airmen to Class three as first pilots of twin engined aircraft in the Air Transport Command.

The commanding officers of the base from its inception to date, were: Lt. Col. Andrew B. Cannon; Lt. Col. Richard D. Morgan; Lt. Col. Albert Higgins; Lt. Col. Frederick H. Foerster, and Col. Robert J. Goewey, just transferred to Cincinnati.

MORE ABOUT . . .

Personal Flying . . .

more than a year to supply all of their needs. But he pointed out that there were a potential eight million personal flyers in the nation and that these would bring about the aviation age—if there were facilities for them.

As to the current objections to airports, he pointed out that the automobile was born amid protests.

DEBUNKS NOISE TALK

He said that Caltech at Pasadena had made tests and discovered that the noise made by planes was not as loud as many common household noises.

"Of course, when a pilot 'buzzes' a house, it's noisy. But not as noisy as if a truck drove into your front room. And as for the chances of a plane hitting a house—statistics take care of that."

Mrs. Clema Granger, president of the chapter, presided, and the speaker was introduced by Edwin Stevens, head of the local CAP.

OUTLINES PORT PLAN

Don Stewart of the Los Alamitos Naval Base, spoke on air-

port development, and told of his interest in operating a port here.

He outlined the plans which call for an air park, which could be surrounded by a recreational area and would provide all necessities for private flyers, coupled with facilities for quick travel to town.

Next meeting of the local chapter, on October 30, will be a social function, with members of the Los Angeles NAA invited as guests.

ENLISTMENT NOW OPEN IN REGULAR ARMY

Qualified men may now enlist for a period of three years in the Regular Army and may choose their arm or service and overseas theater to serve in, Ninth Service Command military personnel division, at Fort Douglas, Utah, announced.

Military service has not submerged the dignity of the individual. Instead he has been trained to apply initiative and imagination, the greatest pair of weapons he carried into battle.—Gen. Omar N. Bradley.

The greatest danger in throwing cold water is that it dampens the enthusiasm.

Announcement

Alvin Weingarten announces with pleasure, that Earl Hough will henceforth be associated with him in the insurance business.

Mr. Hough was formerly the proprietor of the Associated Service Station, and has been a popular resident of Palm Springs for the past 10 years.

TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs
By Sgt. Vic Blanks

SPECIAL SERVICES EVENTS

Special Services Director of Music, W/O George Covell, has announced that the regular weekly schedule of music events has been enhanced by the inclusion of a Tuesday night community sing for patients and personnel of the command. The community sings are held on the lawn west of Ward A every Tuesday night at 6:00. Special events are planned for the sings to make the program desirable and entertaining to everybody who attends.

The Monday evening musical request program at the Red Cross lounge, and the Wednesday night harmony and theory groups at the Civilian Club are being continued.

In addition, the music section offers three recorded programs of music each week on the lawn west of Ward A. Monday night features the twilight symphonette, a program of excerpts of symphonic and operatic music. Wednesday night's offering is the mid-week symphony, which features a full-length symphony work by a well known composer. Friday night's Torney Pop concert offers musical comedy and light operatic numbers, especially intended for the average listener.

Ambulatory patients can avail themselves of instrument and vocal instruction Monday through Friday, from 8:30 to 11:30, at the Red Cross recreational building. Bed patients confined to wards, are given instruction on a variety of musical instruments every afternoon.

Protestant patients and personnel of the command are invited to join the Chapel choir, which meets for rehearsal every Thursday evening at 6:30.

TRANSPORTATION

A directive from the Comptroller General of the United States concerning transportation for the wives and families of officers and the upper three grades of enlisted men, upon termination of active duty or upon honorable discharge, has reached Capt. V. W. Creech, transportation officer for Torney General Hospital.

Dependents are authorized first class railroad tickets with Pullman to the place designated as their home by the soldier making application. However, if they wish to use other means of transportation, private or commercial, reimbursement will be on the basis of a commercial rail ticket, complete with berth.

A soldier may go to any point in the United States under this plan with the provision that the cost be no greater than the cost of transportation to the place designated as home upon entry into the service. This travel allowance is in addition to the one move allowance granted the first three graders upon changing permanent stations. The other grades of enlisted men are still given a cash allowance to cover transportation to their homes as before.

A nation-wide Army crafts contest for all military personnel

has been announced by the Special Services Division, Ninth Service Command, Fort Douglas, Utah. The crafts contest, designed to reach GIs of all levels of ability and experience, will be conducted initially at each installation. Upon completion of the installation contest, a Service Command exhibit and contest will follow, the winners to participate in the national exhibit and contest to be held at the Rockefeller Center in New York. The Ninth Service Command show will be held in Victory Center, Pershing Square, Los Angeles, from November 20 to December 15 of this year.

The Torney crafts contest will be held from October 10 through November 5. Entry blanks and rules covering the contest can be obtained from the Occupational Therapy Branch. All entries to the contest will be submitted to the Special Services Branch in Building 72.

Classes of entries are as follows: Class I—originality of design; class II—best craft techniques and materials; class III—inventive use of improvised (odd and discarded) materials; and class IV—functional value (utilitarian and decorative).

All work which is submitted to the local contest will be judged on November 10, and cash prizes will be given to the outstanding work in each of the various levels. This contest is open to all patients and military personnel of the hospital.

Son of Villagers Home on Furlough From European War

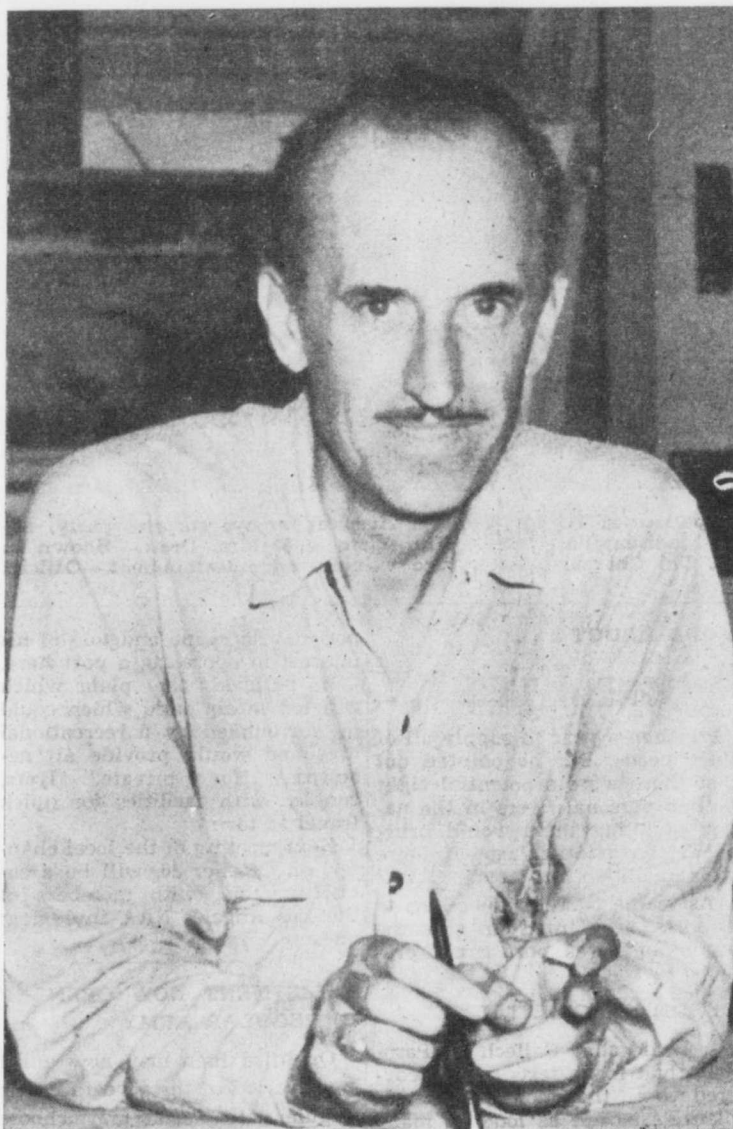

S/Sgt. Harold I. Levine, son of Mr. and Mrs. Herman Levine of the Caliente Cottages, 425 South Indian avenue, is in Palm Springs on a 30-day furlough after much activity in the European Theater of Operations. He saw duty in England, Germany, France, and was on many missions with the 8th army air force. He was a member of the 413th Bomber group, 96th Bomber squadron. In addition to fighting missions, he also took part in mercy missions, dropping food and medical supplies to occupied territories.

He was overseas one year but got there by a circuitous route. After induction at Fort MacArthur, he went to Texas, Arizona, Florida, Mississippi, Iceland, Labrador and then England.

He is an assistant engineer and an aerial gunner on a B-17.

S/Sgt. Levine will be here until Oct. 17 when he reports to the Santa Ana air base for re-employment.

I understand that in another two or three weeks you might as well stay home unless you hold a No. 2 airplane priority.—Transportation Director J. Monroe Johnson.

BIRTHDAY AT GUAM—Richard A. Haas of Palm Springs, who celebrated his 42nd birthday on Guam. (Official U.S. Navy Photo).

Richard A. Haas Celebrates 42nd Birthday on Guam

Richard A. Haas, who conducted the Haas Insurance agency at 437 North Palm Canyon drive, recently celebrated his 42nd birthday — but not in Palm Springs. Seaman, third class, he is stationed at the Navy Supply Depot at the Naval Base in Guam.

He also served in Scotland, and took part in D-Day operations in France.

His home here was at 207 South Indian avenue.

Col. Dan Miller Quits Germany For Visit Here

Mrs. Dan L. Miller of the Western Union is feeling all right these days, thank you.

Monday she received a cablegram from her husband, Lt. Col. Miller, with the Army of Occupation in Germany, that he would be home in about two weeks to stay a month. Then he reports back for duty in Germany again.

Lt. Col. Miller was recently decorated at ceremonies in Neuheim, Germany, for meritorious service with the Seventh U. S. Army in France, Belgium, Holland and Germany.

Villager Now in Yokohama With Occupation Army

Mrs. Antonio Juarez received word this week that her husband, Pfc. Joe Juarez, with the 11th Airborne Infantry, that he has arrived safely in Yokohama, Japan, where he is with the Army of Occupation.

Pfc. Juarez was wounded in the fighting in Luzon, but has recovered. In December he will have been in the service three years. He has been overseas for the past 17 months.

What with a driver's license, plates, gasoline and what-not, the motorist finds his road full of tax.

Villagers Wonder About Points as Kin Stays in Guam

Although most of the rationing has come to an end, Mrs. J. C. Croft and her daughter, Mrs. Dixie Marsh, are still worrying about points.

These points concern Lt. Richard Marsh, Mrs. Croft's son-in-law and Mrs. Marsh's husband. He is now at Guam, veteran of many B-29 flights over Japan. He is an engineer on a B-29 and was in the aerial armada that circled over the U. S. S. Missouri on the day the Japs surrendered.

He was also on the B-29 which flew over Nagasaki when a Life magazine reporter took pictures of the desolation there.

When the Nips finally folded up, he had but three more missions to go before getting a leave to come home. Now he is at Guam and his wife and mother-in-law here are wondering how he stands in points.

Sgt. Campbell in Japan After Many War Adventures

Sgt. Cliff Campbell, well known Villager, is now in Japan with the occupation army but hopes to be back in Palm Springs soon.

Sgt. Campbell has had many experiences in the Pacific theater of war but says the most thrilling was a ten-day reconnaissance mission across one of the remote Philippine islands.

Roads were so rare that a varaboa trail looked like a four-lane highway. Ankle-deep rice paddies, back-breaking hills and knee-deep swamps made up the most of the trip.

The Filipinos they encountered in scattered villages gave them an enthusiastic welcome. During the march they flushed out four Japs at one spot and a lone Jap at another.

Food and supplies were dropped by scout planes but often the rendezvous was missed and the men went hungry.

They eventually returned to their base via LCM's and turned in much valuable information, Sgt. Campbell said.

Never fool with a fool — he might fool you!

Major Jack Downey Returns to Texas After Rest Here

Major John H. (Jack) Downey, 1288 Buena Vista, has returned to Texas after a furlough spent in Palm Springs with his family. He celebrated his third anniversary in uniform on V-J Day and hopes to put on civvies again soon.

Major Downey wears decorations from two World Wars, the Victory Ribbon of World War I and the Asiatic-Pacific Medal, World War II.

Major Downey has recently been assigned to the San Antonio Air Technical Service Command, world's largest aircraft supply and maintenance station, following his return from two and a half years in Alaska, where he served as mess officer in charge of the officers' mess with the 11th Airforce Headquarters. While in Alaska, Major Downey established an Officers' Mess and Club, both at Elmendorf Field, Fort Richardson and at Adak.

Prior to his entrance into the service, Major Downey was resident manager of El Mirador hotel here, and his post-war plans include a return to the hotel business.

During the time Major Downey was in uniform, his wife and two youngsters spent their time at their Buena Vista home in the Village.

Major Downey has high hopes of coming "back home for keeps" soon.

Village Youths In Service See Lot of Country

These military sons of Villagers do travel.

Mrs. Beulah Sawyer of Hatchett's Market this week received a letter from her son, Gene Sawyer, gunner's mate, second class, on the U.S.S. Jason. The ship recently celebrated its first anniversary of duty although Sawyer has been in the service more than two years, on other ships before assigned to the Jason.

The young Villager is now in Korea with the Naval forces co-operating with Gen. Douglas MacArthur's occupation army.

He has seen action in many of the Pacific battles, Guam, Leyte, Okinawa, among others.

How long he will be stationed in Korea, Mrs. Sawyer did not know.

5th OTU FACTS

Soldiers who have been stationed here for a long time, and even those who have arrived during the last four months or so, and are now up for discharge, have voiced regret at the prospective short acquaintanceship with the command of Colonel Edward F. Hubbard.

One of the mysteries of army life is that, although the majority of the personnel on an installation the size of this one and even larger, may never come in contact with the CO, his qualities of leadership are reflected down to the last man. It is indicated in the morale, eagerness or lack of eagerness in doing a job, the size of the population in the guard-house, and definitely in the manner in which a soldier snaps a salute. The esprit-de-corps at the 5th OTU has skyrocketed.

And another officer many are saying goodbye to with a warmth of deep comradeship is First Lieutenant Alfred F. Patane. He will be remembered by those who have left and are about to leave for his utter friendliness and sincerity. The lowliest Joe on the Field very readily found a friend in him. A veteran of the first World War, he was in this one up to his neck, although he never got overseas. He was almost 45 when he joined this army as a private in World War II, and was commissioned via OCS in November 1943. He said he was staying for the duration and six months. Despite the fact he was born and bred in New York City, he and his wife and child will make their home somewhere on the West Coast.

The dream of most girls to wear the latest in feminine Paris creations became a reality for WAC Pfc. Jane Sprague, formerly stationed here. Sight-seeing in the French capital, she stopped in at Lucien LeLong Salon to admire his creations in women's apparel. Result! she was asked to model for him during her off-duty hours. Further, she became a subject for a feature story with pictures in the current issue of Woman's Home Companion.

There should be some decoration or ribbon which can be awarded to wives of soldiers, who left their comfortable homes and friends to follow their husbands from camp to camp. Women being what they are, these wives displayed bravery in "come what may", like the shacks they were forced to keep house in; trying to make both ends meet on soldier hubby's monthly army pay, and hiring out for all sorts

of jobs when her efforts failed. The majority will soon be going back to a normal way of life. Thank God for Victory!

Civilian war workers at army air force installations throughout the world were given high praise by General H. H. Arnold in a message recently released. "You have worked overtime — long hours—willingly and cheerfully. Great credit is due you for your valuable contribution to the all important mission of the AAF. I wish to thank you for a job well done."

Joe Henderson on Brief Visit Here

Arriving back on the mainland from a tour of the blue Pacific, Joe Henderson, U.S.N., son of Mr. and Mrs. Charles C. Henderson, was in the Village Tuesday for an overnight stay, to see his wife, Moya, and two youngsters. He expects to be in the Village this week-end for a longer stay.

Not Smart To Be Careless, Students Informed by Chief

At an assembly last Friday, September 21, Chief Kettmann gave a straight from the shoulder talk on traffic and safety rules to the P.S.H.S. student body.

"It is not smart to be careless," Chief Kettmann emphasized. He assured the assembly that he would not be hesitant about penalizing drivers for traffic violations. Further, he added that too few students are familiar with the State vehicle code. One careless act on the part of anyone might possibly jeopardize the driving privileges of the whole school.

Chief Kettmann cautioned all students who are driving jollopies to be certain that they are in good working order. He warned that no cars are to be driven at any time on the school grounds except with faculty permission. In general, Chief Kettmann's talk was well received by all. The Chief brought home to the students the need for clear thinking while driving. He sent the student body away seriously aware of the issue at hand.

Enrollment Zooms As Ducks Arrive

It appears that animals as well as guys and gals are attracted to P.S.H.S. One day last week, while the lawn between the buildings was being irrigated, a flock of ducks was passing over and one bold duckling ventured down for a swim. Our mighty football players watching him didn't seem to bother him in the least. After a brief dip, he stepped out, shook himself, and went merrily on his way.

ON THE WARPATH

By MORT ALGASE

His majesty, King Football, resplendently decked in his traditional maroon and white ceremonial robes, has once again taken his throne to rule over the current grid season. And with his coronation as Palm Springs high school's No. 1 popularity king, the Indian invasion is on its way.

There may not be a Rude, Lienau, Devers or Omlin cracking up the offense or cutting a slice of territory, but Coach Scott Thompson has a spirited and fighting eleven ready to challenge, to meet and to conquer. Six lettermen, four on the line: Benson, Brummitt, Moseley and Klug, backed up by St. George and Jurado, will figure when the going is rough, and when it's not rough, they'll make it rough. Sophomore Dick Doro at quarter has the stuff to cause bad times to a lot of coaches. Gorcester, Wogberg, Boyd, Croshier, Williams, Peterson, McKinney, Archer, Carey and Holderman are going to see a lot of line work, while fleetfoot Frankie Prieto and a staff of Wills, Hernandez, Stone and Searls will round out the light but threatening tribe backfield.

Fearing a Beaumont edge, Coach Thompson ordered initial practice for September 11, a week prior to resumption of school here, but the day on which the Cougar institution began its new year. (By C.I.F. ruling, any school may commence athletic activity on the same day any other school in its league takes up its new school year). Evidencing the early response, Coaches Thompson and Summers see great promise in a speedy, eager and quick thinking roster although lighter and less experienced last season. It'll be tricky moves and snappy plays that may bring the Indians this year's gold cup. The practice parley with Perris today will probably show what kind of ball Beaumont, Banning and Coachella are in for.

Looks like a fine season for Indians—and they're on the warpath!

Here is the tribe's probable lineup when they meet Perris today:

Moseley, LE; Wogberg, LT; Croshier, LG; Williams, C; Brummitt, RG; Klug, RT; Benson, RE; Doro, Q; Prieto, RH; St. George, LH; Jurado, F.

Don't Scoff! Remember, It's Only Our First

It's true! Yes it is! This "is" the Smoke Signals. Surprised? Bewildered? Amazed? Or is your hand subconsciously reaching for your nose? Tut, tut, brainless ones; this is our first issue, you know. Oh, wise guy, you could do a better job, huh? You could at least get a gazooit in, hmmm? Well, for your information, we had one. Sure we did, but a typhoon came along and blew it away. But we do need your suggestions, your criticisms and your writing talent. If you're interested in any of the three aforementioned topics, see me; if not, see me anyway. I need cheering up.

THE EDITOR.

Initial Session Of Girls League Held on Tuesday

Meeting during Activity Period Tuesday in the auditorium, the Girl's League was called to order by Mrs. Moya Henderson to discuss plans for girl's activities this year.

Elections of officers for the League will be held following the election of Student Body officers. Joanne Hookey was made temporary chairman in charge of activities until regular elections can be held.

Sally Robinson was appointed as chairman of the Pom-Pom committee which now consists of representatives from each class. They are Julie Martineau, senior; Marilyn Crockett, junior; Shirley Renville, sophomore; Barbara Jones, freshman.

KEYS MADE

Henry Simsarian
840 N. Palm Canyon Dr.

Doodlers' Work Erased During Vacation Days

Last year's summer vacation was not much of a vacation for our coach, Mr. Thompson. He was seen out on the school campus marking with the new sanding machine obtained by the school board.

He was removing the initials and doodles on desks and chairs left by the students of last year. With his new sander, dust was flying everywhere. He started first with a rough sand belt to get through the varnish and the bottom of the markings. Then he used a finer belt and finished off with a very smooth belt for a good finish. With stain and varnish he completed his job with top finish.

We hope this cleanup will not have to be done again next year.

Mort Algase to Head Staff of Smoke Signals

As editor-in-chief of the Smoke Signal staff, Mort Algase was appointed by Mrs. Helen Kinsky last week for the first semester and tentative editor for the second semester.

Dick Charleston was appointed as tentative assistant editor and Cherie Mashburn as feature editor.

The other members of the staff are Jack Penderey, Mortell Goldberg, Gene Reise, Bernie Doyle, Diane Heller, Erica Orth, Leslie Wogberg, Lee Allen Cox, and Herb Mennell.

Mrs. Holderman at Riverside Meeting

Mrs. Madge Holderman, public health nurse, attended a polio institute held at the Community Hospital in Riverside yesterday. Experts discussed the latest discoveries in the fight against infantile paralysis and statistics on the disease were read the assembled nurses.

Pangs of Hunger Assuaged Under New H. S. Schedule

This year the students of P.S. H.S. are faced by a number of innovations. Not the least among these is the addition of a nutrition period at 10:05 a. m. and the change of activity period from the last period in the day, practiced last year, to midmorning. Ten minutes is allowed for the nutrition period followed by an activity period of twenty-five minutes.

The reason for the new nutrition period is that the school lunch period comes so late in the day this year it is believed that the students need nourishment to tide them over until the lunch hour. During the nutrition period sandwiches, milk, and ice cream may be secured at the cafeteria.

The purpose of the activity period is to foster extra-curricular activities in school and to aid students further by counseling them. During this period students may go to supervised club or society meetings, to teachers for help in their lessons or for counseling, to the library for reading, or to any other classroom or extra-classroom activity that has a faculty advisor in charge.

On each Thursday a general assembly will be given during activity period. Students are required to attend all assemblies.

On the first Monday of each month activity period will be used for class meetings. All students must attend these meetings.

It is hoped that the nutrition and activity periods as described above, will afford energy and stimulation to student activities.

Nominations Made For Officers of H. S. Student Body

In a special Nominations assembly held Monday during Activity period in the auditorium, John Wilson and John Klug were nominated for the office of student body president.

Joe Brummitt, who was the only person nominated for the student body vice-presidency, was commissioner of athletics last season.

For commissioner of finance, three persons were nominated: Barbara Croft, a junior; Julie Martineau, and Gillar Boyd, both seniors.

The office of commissioner of athletics will be contested for by Chuck St. George, who was nominated by Ralph Galzeano, and two seniors, Tommy Peterson and Dick Moseley.

Carol Burket, a senior, was the only girl nominated for commissioner of girls' publicity.

For commissioner of boys' publicity, Ed Wills, junior, and Bob Hoover, a senior, were nominated.

The elections were held Thursday, September 27.

They're Still Hubba-Hubbing About Weather

Was the weather warm this summer? Philip A. Frank, assistant custodian of Palm Springs high school, can answer that question with authority.

Mr. Frank, one of the few who stayed in Palm Springs all summer, kept an accurate day-by-day reading of each day's minimum and maximum temperatures recorded at the high school.

According to Mr. Frank's record, the summer heat started approximately June 13, on which day the thermometer soared to 105 degrees in the shade. There was a gradual rise to 126 degrees compared to the coolest of 98 degrees.

No sooner had the temperature risen than the gnats, those miniature P-38's, came upon the scene. The crickets and roaches arrived on schedule about August 3, following a heavy rain. One couldn't walk two blocks without hearing the crunch and squish of hundreds of crickets being mashed under passing feet.

With cooler temperatures these pests have disappeared and life has become gradually more comfortable.

Miss Ruth Jones, secretary to Harry C. Harper, executive secretary of the Chamber of Commerce, is off on a week's vacation this week spending most of the time in Los Angeles and vicinity.

Enrollment Soars With Boys Leading Girls, 119 to 92

ENROLLMENT SOARS—28-3 ... Climbing from 194 on September 18, Palm Springs high school has enrolled 211 students as of September 24.

With the largest freshmen class in history, 67 students, the combined registration of 55 sophomores, 42 juniors, 42 seniors and 5 special students brings a total of 119 boys and 92 girls.

For the same period last year, there were 51 freshmen, 44 sophomores, 39 juniors, 37 seniors and 1 special student for a total of 172 as registered on September 18, 1944. On September 23, 1943, files have recorded 37 freshmen, 34 sophomores, 35 juniors, 34 seniors and 3 special students, totaling 143. Enrollment hit 171 on September 22, 1942, with 50 freshmen, 35 sophomores, 49 juniors, 33 seniors and 4 special students.

Rising figures each day indicate that a peak of 240 students will be reached by December 1 to set a new school record.

EDITORIAL

START OF NEW YEAR

We are starting a new school year; a little older, a little taller, with new faces, new friends, new opportunities, but we hope not with old habits. We have clean furniture and new books in our school. There is no glory in being a wise guy who carves his John Hancock over the beckoning surface of his bright, clean desk. Once done, the drawing becomes a carving which should be reserved for the woodworking class. Would he run home and carve his initials in the dining room table? It just isn't done. This is simply a matter of grown-up and intelligent behavior. Those desks are meant to last not only while we are here. They're supposed to be everlasting, and with your help they will be.

Another problem comes to light, almost every bright lad in school has, at one time or another, held the title of the "fella most likely to make the loudest noise popping a milk carton." In its place that's alright, but the "fella most likely to put the milk carton after popping into the receptacle" has never been found. The campus is yours but it's not yours to destroy or deface. Papers, bottle cartons, bread corners, and orange peelings belong in a certain spot and not on the end of Mr. Bell's trash stick. Maybe a little merit manipulation can enforce that statement, but right now it's a matter of better judgment and pride for our campus. Furthermore, home-work does not belong in the new books.

A little constructive thinking will achieve our goal of a clean, well-cared-for school.

Pay your telephone bill before the 30th and receive a discount.

CREDIT BUREAU OF PALM SPRINGS

We are beginning our second year in serving the credit granters and credit users of Palm Springs. On the one hand we give the facts to those granting credit on which to base your accommodation. On the other hand we establish for the credit user a reliable means whereby that credit may be used anywhere. Thus a service is performed for each.

We have in our files over four thousand names of Palm Springs residents, past and present, to which new names are added by the score each month. The records are confidential, accurate and complete. The list is built up by our local subscribers and by reference from the thirteen hundred members of the national association.

Since beginning operation last September, we have been successfully admitted to the Associated Credit Bureaus of California (February), The Associated Credit Bureaus of America (April), and the National Retail Credit Association (May). We cover the whole Coachella Valley.

A credit bureau protects both the merchant and the consumer. We invite your co-operation.

Cathedral City

(W. R. Hillery)

Instead of six crossings of Whitewater Wash below Cathedral City that reaches groups of ranches on little stub roads, there is to be constructed 8 miles of road that will connect these groups on the north side of the Wash and give them an outlet on the Palm Springs-Edom road so, in event the Wash is wet, the ranchers can reach Highway 99 on a dry road.

Beginning at Rancho del Sol across the Wash from Rancho Mirage, the road will extend portions now in use for two miles north, then two miles west, unless property owners do not cooperate, in which case the road will go only one mile west, then north one mile, then two miles west to the corner south of the old Dunes Club, thence north miles to the Palm Springs-Edom road. This is a route sponsored by the Palm Springs Chamber of Commerce, OK'd by the county planning commission and approved by the Board of Supervisors. More than \$175,000 of assessed value improved ranches are benefitted.

Along with our neighbors, who are coming back for a new season, we met our good friends, Frank and Emma Shannon who have been away for a year in the East. We are glad they are back, even though they haven't been able to get nearer the desert than Banning. It must cheer their hearts to have the warm and sincere handclaps of old friends who welcome them back.

Another well-known to us is Mrs. Harold Barkow and baby who will soon be living again in Palm Springs prior to Harold's release from the service. It will seem like old times to have the boys home again. This likewise goes for Mister Don Maher who has just chucked his uniform for whatever he wants to wear. We join with his wife and son, Buckie, in a welcome home.

Mr. and Mrs. G. C. Waller have reopened their Cathedral Motel after spending the summer in Albany, Oregon. The Wallers have been here for a couple of weeks now. I muffed mentioning it.

Near the Wallers are Mr. and Mrs. Paul W. Clark, operators of the Sunhaven Court. Paul has been in and out all summer but Mrs. Clark is definitely a part of the village now, having given up their San Pedro residence.

Across the Highway is the Pines to Palms Court and its owner, Mrs. Weston J. Naef, is here to look after the Weston's property. Mrs. Weston was active here for a number of years until war work caused the family to live on the coast.

John Nachant, the Sunkist Bungalow owner, is another regular who is home and operating his property. Jim and Mary Wolseth were here this week, checking on their Desert Lodge but are not quite ready to settle for the winter.

Christina Lillian, owner of the Svenska Cottages, is back in the

village. Howard Headley and his wife, owners of the Desert View Court, have completed their stay in the San Jacinto mountains and are on the job again. Mrs. Emma G. Hagen is again living in her desert home.

Mr. Harris, who handles the garbage pickup, tells me that he would like to have his patrons bale their waste paper or burn it. If householders will tie it in bundles and keep it where he can pick it up, he will make a special trip just for paper possibly once a month. Please help him as papers build up his load, requiring extra help to load his truck. The schedule calls for Tuesday and Saturday pickups. Get metal garbage cans and help put the program over. Sorry this notice isn't from the Civic Improvement association whose committee works with Carl Higgins, collector. We all want to make Cathedral City beautiful and sanitation is one of the cardinal requirements.

Gus Holm is going to have a food locker plant on the highway at Lavendar Lane. The structure is under way and should prove a boon to householders and ranchers. That isn't all that Gus is going to do so keep your eye on his activity.

Claude and Edna Cobb were in Los Angeles Monday on the sad mission of attending a cousin's funeral. I failed to get additional information. Another bit of somber news, we learn, was the death in Soda Springs, Idaho, of a sister of Mrs. George W. Tarr. The sister, Mrs. Sodine Moore, who died on the 24th of this month, was the first white child born at Soda Springs, hence her name, and this was in 1871.

The rumor is current that Elly Mueller has sold her Elly's Cocktail Lounge to a man by the name of Osburn.

Just because I have heard one man in the service and another just out of it express a hope for a better future for this world following this war, it set me to thinking. The hope can be realized if the men and women who have served in this war will unite on a constructive program and put it over before they get old enough to lose the ideals of youth. Out of their dozen millions should come some real leaders and that is essential. Go to it fellows.

Building Record Maintained With \$26,525 in Week

Building operations last week added \$26,525 to the month's total which, with permits in prospect today and tomorrow, is expected to top \$205,000.

For the year up to yesterday noon, 268 permits have been issued by Arthur F. Wright, building inspector, with a total value of \$801,425. The first three quarters of the year which end next Sunday, will see total building here approach the \$850,000 mark. Permits issued during the week were to:

J. F. Lloyd, Tahquitz avenue, 6-room dwelling, \$9,500.
J. F. Lloyd, Tahquitz avenue, additions, \$1,000.

D. V. Carlin, 2011 North Palm Canyon drive, addition, \$1,500.
George Farmer, Bellardo road, four-unit apartment, \$14,000.

A. E. Westburg, Iran road, Araby Tract, garage, \$400.
Ambassador Hotel, 640 North Indian avenue, alterations, \$125.

After a young couple buy their first lot they feel as if they owned the earth.

After they get into office, some politicians seem to think that to turn about is fair play.

MORE ABOUT . . .

Busy Season . . .

plans are being completed for Western Week, Oct. 15 to 21, and that activities are to be enlarged over those of last year. He outlined the program (printed elsewhere in this issue) and said that most of the proceeds of the event will go to aid the Boys' Club. He asked, and received, assurances of aid from other civic organizations.

Edwin Stephens, commander of the local Civil Air Patrol squadron, reported on aviation. He said the CAP had obtained use of the facilities of the 5th OTU base here and that a cadet training class would be inaugurated now that the schools have reopened. Vice-president of the Palm Springs chapter of the National Aeronautic Association, he reported on activities of the local group. The national organization is 23 years old, he said.

AIR NEED CITED

Need of a local airstrip to accommodate private flying was emphasized by Mr. Stephens. In October, the local NAA chapter will be host to a flight of about 25 Los Angeles area pilots and hopes are entertained that this group can be accommodated at the army air base.

Lloyd Simon, president of the Lions club and of the Masonic club said that the Lions would resume formal activities on October 4 and that the Masons started their program with a formal meeting Tuesday. The Lions, he said, are planning a big event on Oct. 18, in conjunction with Western Week.

PLAN BUSY WINTER

President Robert Ransom of the Chamber of Commerce gave a report on plans of that organization for an extremely active winter. He outlined the work of the Chamber during the summer months and of plans to revive the Vaqueros ride, Desert circus and other former Palm Springs attractions and told of the Chambers' plans for airways, air service, community betterment and solving of the housing problem. Completion of the emergency housing project on the Reservation and plans for its operation were detailed.

Harold Lienau, commander of Owen B. Coffman post, American Legion, introduced John Holditch, head of the post's building committee, who outlined plans for a campaign to raise between \$50,000 and \$100,000 this fall for a World War Memorial building, an artist's sketch and plans of which he exhibited. (Sketch of proposed Memorial may be found on page one of this issue.) Commander Lienau envisioned a future membership of more than 200 in the Owen B. Coffman post and said that the need of a meeting place, which would also serve as a community facility for larger gatherings, was urgent. He was given the encouragement of all those present.

HOSPITAL REPORT

Florian Boyd, head of the Community Hospital program, reported that there now is banked in cash \$140,000 of the hospital goal, and that additional funds may be expected soon after January 1, 1946 when contributions may be made and counted against income taxes. He also reported that representatives of the Kellogg Foundation will come here in November to confer with the hospital group relative to advice to be entirely without cost. Also, the hospital board has received from the U. S. Treasury department definite assurance that contributions to the fund are deductible from income taxes, Mr. Boyd said.

Josephine Sprague, head of the Woman's Club, emphasized the urgent need for a location for a day nursery and asked all present to assist her in finding quarters.

SCHOOLS EXPANDING

Dr. E. E. Oertel, high school principal, revealed a substantial growth in school registration, with 205 enrolled the opening day as compared with 172 at this time last year. He expects a total enrollment of nearly 240, which will be 40 over the capacity of the high school. He praised the foresight of the school board which is beginning construction of a new unit this fall. While it will not relieve congestion this year, it will be of immeasurable help in 1946, he emphasized. Opening of the sports program was reported, with the football eleven getting underway. He disclosed that in 1945 the desert league will be combined with the Riverside County league, providing games with teams in many cities and towns of the county.

Miss Katherine Finchey, district school superintendent, reported corresponding increases in elementary and junior high school enrollment, with 483 registered for the opening week as compared with 439 at this time last year. All class rooms are filled but new ones are being completed at the Nellie Coffman school to relieve crowded conditions there. Miss Finchey also disclosed that the Recreation program is being resumed with men

Indio Lounge in Quest of Name for Cocktail Lounge

Wanna win a hundred bucks? All you have to do is find a name for the new cocktail bar opening in the Hotel Indio on October 20. Walter F. Eason, new manager of the popular hotel, is working with the manager of the cocktail bar, Dave Duncan, in the selection of the name. Eason was formerly connected with the Hotel Stevens in Chicago and the Savoy Hotel in London.

Two prizes will be awarded in the contest, which closes at midnight on October 10th. In addition to the \$100 first prize there will be a \$50 second prize. Any one may send in their suggestions—provided they are over 21 years of age.

The new cocktail lounge is one of the most modern in the vicinity. Manager Duncan has had wide experience in the operation of various bars and assures all patrons of the best in liquors and food.

Send in your suggestion for a name as soon as possible. Awards will be announced through the columns of the Sun.

and women teachers conducting playground and handicraft activities at the various school properties in the evenings and on Saturday.

CITY BUSINESS

Mayor Theriault reported recent actions of the city council as follows:

1. Appointments of Earl Coffman and John Chaffey as members of the San Jacinto Mountain Aerial Tramway Authority.

2. Calling for bids for resurfacing of city streets, chief among them being Indian Avenue and the connecting streets between Indian Avenue and Palm Canyon Drive.

3. Beginning of plans for traffic control steps in the downtown district, with a meeting of merchants to be held soon to discuss a solution to the problem.

4. Steps taken by the city to provide bachelor quarters for members of the police force who have threatened to leave Palm Springs because of the housing situation. Quarters are being provided them at the Field Club pending a permanent solution of the problem.

NEED FOR CENTER

Robert Ransom, reporting further, also emphasized the need for establishing a meeting and recreation center for the colored people of Palm Springs. He said the colored residents of the city are very anxious to have some facilities set aside for them, and the interest of all was evidenced in this endeavor.

Present at the meeting were: Mayor Eugene Theriault, Robert Ransom, Lloyd Simon, Col. A. B. Jones, Major George Wirt, Mrs. Josephine Sprague, Charles Burket, Ernest Oertel, Katherine Finchey, Elmo Purnell, Florian Boyd, Harold Lienau, Jack Holditch, Edwin Stephens, and Harry C. Harper.

THOUSANDS ATTEND ARMY RELIGIOUS SERVICES

Attendance at Army religious services held by the Ninth Service Command chaplains throughout the command during July totaled more than 149,000, Colonel J. L. Blakeney, service command chaplain, announced today at Fort Douglas, Utah.

AID GIVEN VETERANS AND DEPENDENTS

Ninth Service Command personal affairs offices in the eight western states during July helped 831 veterans and 7,290 of their dependents solve problems relating to the Army, it was announced today at command headquarters, Fort Douglas, Utah.

Mrs. Jenkins Will Head Christmas Seal Sale Drive

Mary C. French, county secretary for the Tuberculosis association, was in the Village Wednesday, laying the groundwork for this year's Christmas Seal sale, which will start on November 19.

She announced that Mrs. Homer Jenkins had accepted the chairmanship of the Palm Springs branch of the association and would take charge this season. Mrs. Barney Hinkle, who served as chairman last year, finds herself unable to handle the task this year.

Organization plans for the 1945 drive are under way, and Palm Springs, which has always been one of the bright spots in the county in seal sales, will do it again, Mrs. French said.

Mrs. French also conferred with Mrs. Madge Holderman public health nurse here, on plans for a visit of the mobile X-ray unit to take chest pictures. Last year more than 300 took advantage of the unit's visit.

Lions Club Plans For New Season Opening on Oct. 4

Directors of the Palm Springs Lions Club met Monday night at the Chamber of Commerce with President Lloyd Simon in the chair, to plan the program for the coming season. Committee heads and members were named by President Simon and the manifold activities of the club for community betterment, youth activity, aid for the blind, milk for school youngsters, entertainment and help for military personnel, and other civic projects outlined.

Harold Murphy of the Palm Springs Music company was named chairman of the all-important program committee and a series of outstanding talks and other program features outlined.

The official season will open for the Lions club on October 4. October 18 the club will stage its first social event, a dance in keeping with the spirit of Western Week.

Mrs. T. W. Brown Village Visitor

Mrs. T. W. Brown, former Village and recent owner of the La Mesa bungalows, was in the Village this week visiting and looking after her property here. She will be here two weeks.

Mrs. Brown is now living in Los Angeles.

Portrait of the Week By BERNARD of Hollywood

Mildred (Millie) McCormick is one of the gals everyone in Palm Springs knows. She's popular, well-liked and maybe that's because she retaliates and happens to like people better than anything. While we're on a "liking" subject, we might add that Millie likes clothes (which is evidenced by her good taste), dancing, horseback riding, reading poetry (Poe and D. Blanding vie for top honors), anything connected with the theater, and really likes a certain man. (With her permission we can say he lives in P.S., but as to further questioning, Miss M. was uncommunicative). Millie has been in P.S. one year now and fully intends on remaining for a long time—which we're glad to hear and maybe—if it's long enough—we'll learn how she managed to achieve "that" hair-do. (Please look above).

Global Gab Society Starts Its Third Season With Anniversary Party; Plan for Another Big Year

Global Gab, the town's weekly discussion group, has rounded out two years of uninterrupted history. It celebrated its second anniversary at its meeting last Tuesday at the Chamber of Commerce, which has been its permanent home for the last 16 months.

The group, which began as merely one of many USO activities in the town, has developed into a regular Village institution. It is an entirely independent organization, run by those who attend it. Everyone is welcome. In fact, the more newcomers the better the old-timers like it. For it is not a club. It is an open forum on public affairs.

MANY PRESENT

The anniversary meeting was attended by civilians and soldiers. It was a representative gathering, for after the group left the USO, the civilian element began to predominate. The subject was "Are National Planning and Government Control a Threat to Democracy?" It was introduced by Pfc. Vito Gennaro of Torney Hospital. Following the paper, there was an hour of general discussion, then refreshments and the usual informal talk over coffee.

When Mrs. Eloise Hirt of the USO began the group in September, 1943, its principal purpose was to make soldiers more aware of the issues for which they were fighting. This more or less continued to be its aim during the first year. During the second year, however, its discussions became more general and cultural subjects began to appear. National affairs and foreign policy still predominated on the program, but there were also discussions of literature, painting and music.

SEVERAL INNOVATIONS

There were several experiments, too. A picnic meeting, for instance. Then a series of two symposiums on the gains and losses of the war. First individual gains and losses were discussed. The meeting the next week evaluated group gains and losses. And not long ago necessity was the mother of another experiment. The speaker failed to show up. So the group plunged into the subject of "Demobilization and its Conflicts" with nothing prepared in advance.

An idea of the group's scope can perhaps be gained from the topics chosen at the anniversary meeting for October, the first month of the group's third year. The subject chosen for October 2 was, "The Problems Presented by the Returning Negro Soldier," with Anne Lovett as the speaker. On October 9 the group will discuss "Should Hollywood Make Movies Designed to Influence Public Opinion?" with Pfc. Gen-

naro as the speaker. October 16 the subject will be, "The Army's Effect On Character," led by Sgt. Ross Parmenter. The topics for the remaining two Tuesdays of the month will be "Socialized Medicine," and "The Position of Organized Labor in the Post-war World."

STEADY GABBERS

This summer, as last, attendance dropped. But there were seldom meetings with less than a dozen present. And it is hoped that during the coming season, last year's record crowd of 40 will be exceeded. The more present, the more the excitement. So all who like a good discussion are urged to attend. Generally those who come once or twice, become steady gabbers.

Among the leading lights of the second year were Miss Thyra Cohen, who provides the coffee; Mrs. Eva Menard, Mrs. Leah Nolan, T/Sgt. and Mrs. Freeman Holmer, Sgt. and Mrs. William Kelly (who got married after coming to the meetings together), Miss Joan Bell, Sgt. Ross Parmenter, Lt. and Mrs. Frederick Moore, Miss Anne Greenberg, Mrs. Ruby Wilcox, Sgt. and Mrs. Irving Schweiger, S/Sgt. Robert Herzog, Mrs. Paula Goldstrom, Mrs. Jo Rumble, Sgt. and Mrs. Rosalie Abrams, Sgt. and Mrs. Paul Lovett, and Mrs. Emily Jordan.

Kona Inn Will Open October 1

Mr. and Mrs. Ross Read, owners of the Kona Inn, are in the midst of redecorating and re-furnishing their place, 1220 North Indian avenue, for the new season.

They plan to open shortly after October 1 and from advance reservations, anticipate a busy season.

Mr. and Mrs. Read spent the summer months in Portland, Ore.

William E. Colburns Return to Village

Mr. and Mrs. William E. Colburn of 453 Santa Rosa drive, were in the Village this week preparing for their winter's stay. Mr. Colburn left for a few days but will be back this week-end. He is chairman of the War Chest drive which opens Oct. 1.

Service Men Will Get First Chance At Army's Surplus

The GI's post-war dreams are getting better all the time, especially if his plans include buying a farm or owning his own business.

This was indicated in the announcement of the Smaller War Plant Corporation, a federal agency, that top priority will be accorded eligible veterans who desire to purchase surplus war goods for use in their own business, after such goods are declared available by the Army and listed for sale by federal property disposal agencies.

TO SOLDIERS FIRST

The SWPC informed Ninth Service Command headquarters at Fort Douglas, Utah, that surplus goods, including jeeps, will be sold exclusively to qualified ex-service men for a period of 18 days after the items have been declared available by the Department of Commerce.

However, they stressed the fact that in order to be eligible to make purchases, discharged veterans must be in business for themselves or own a farm or have at least a half interest in the enterprise. SWPC officials emphasized that property secured under those conditions must not be re-sold or refabricated.

ACT AS AGENT

The value of surplus property any ex-service men can buy is set at \$2,500. The SWPC, which has regional offices in principal cities throughout the nation, will act as agent for the veteran in purchasing desired property from one of the federal surplus property disposal agencies.

At the end of the 18-day period, local governments and tax-free institutions will be given an opportunity during the next 12 days to purchase Army surplus goods. What remains will then be placed on the open market and sold to dealers for resale to the general public.

Getting back to the popular jeep—after the two exclusive periods, they will be available to the public through the U. S. Department of Commerce, a federal agency, which disposes of Army surplus to other agencies and to dealers. The Department of Commerce emphasized that jeeps are not being sold at the present time.

Local Military Personnel Goes Up 3 in Week

The military personnel of Palm Springs was increased by three new arrivals in the past week, all boys.

Two sons arrived for officers at the air base and one for a non-com at Torney.

Capt. and Mrs. Edwin Season of the air base welcomed a seven-pound, 13 ounce baby boy on Sept. 25.

Capt. and Mrs. Victor Story greeted their new son on Sept. 19. The lad, named Victor Bernard, weighed in at five pounds, 14 ounces.

Corporal and Mrs. John Giorsetti of Torney General Hospital named their young son, who arrived, all nine pounds and two ounces of him, on Sept. 19, John Bryan.

We must stand by America. She has given us vast aid, and I am not one who thinks the whole thing is over because the Pacific is chiefly an American theater.—Winston Churchill.
